MET INSTANT DEATH!

Conductor M. J. Mangan, of This City, Falls Between the Cars and His Body is Cut in Twain.

A fatal accident happened at 3 o'clock, this morning on the Pittsburg road at Wheeler, a small station west of here, near Valparaiso, and M. J. Mangan, a well known conductor of this city, lost his life.

Mr. Mangan is a young man, who lives with his widowed mother, Mrs. Bridget Mangan, and his sister, at No. 3 Walnut street. He was a freight conductor on the Pittsburg road, and was soon to have been promoted to the position of passenger conductor, but death came and robbed him of the brilliant prospects in life before him.

He left his home last evening, bright and cheerful, bidding his mother and sister a brief good bye, to take his regular run, little dreaming that when he returned to them he would be brought back a corpse. They may have realized the danger of their loved son and brother's occupation, but if so, they spoke not of their fears, and only words of farewell were said, as he left home, as he had done so many times before, to do his duty in the battle of life.

He boarded his train and commenced his duties for the new year. The train pulled out from this city during the night and when at Wheeler, young Mangan met with the accident that caused his death.

Duty called him from the caboose in the rear to another part of the train, and as he was stepping from its platform to the freight car in front he lost his hold in some way, and fell between the cars to the track.

In a moment the dreadful wheels were on him, and, passing over his body, cut it in two, causing instant death.

His fellow trainmen, after the stopping of the train, went back and gathered up the mangled remains and bore them to a suitable place. The body of the dead man will be brought to the city this evening.

He was a member of the Pennsylvania company's Relief association and his mother and sister will receive the amount of his policy, which was $1,000.

Another sad feature connected with his case is that his sister, an excellent young lady, is very sick and is not expected to live long. Both the mother and sister were nearly heart-broken when they heard of their loved one's death, and it was indeed a sad blow to them.

SHOT HIS SWEETHEART,

Because She Refused to Marry Him, and Then Attempts Suicide.

WAUSEA, Wis., Jan. 3.—Herman Friedrichs, a German about twenty-one years of age, called upon Bertha Erdman in the town of Stettin yesterday afternoon and asked her to marry him. She refused, and he drew a revolver and shot her in the left breast, inflicting a fatal wound. As she fell to the ground Friedrichs shot himself in the head, making a frightful wound, from which he cannot recover.

No one was present at the time of the shooting, but a crowd was quickly attracted by the sound of the shots, and medical aid was at once summoned. The doctors say there is no hope that either of the victims will survive. Miss Erdman is a pretty girl of twenty. Friedrichs has been persistent in his attentions to her, and had several times proposed and been refused. In spite of his injuries the feeling against him is bitter.

BOOMING DILLE.

Huntington Pushes the Claims of One of Her Former Citizens for the Oklahoma Governorship.

HUNTINGTON, Ind., Jan. 3.—John I. Dille, at present register of the land office at Guthrie, Oklahoma, is being pushed by friends in this section of Indiana for the position of governor of Oklahoma. He was secretary of the Indiana state central committee in the last campaign and stands well with Dudley et al., and is supposed to have a sure thing on the appointment.

DISAPPOINTED BALD HEADS.

Steubenville Sits Down on a Female Minstrel Troupe by Fining Them for an Indecent Performance.

STEUBENVILLE, Ohio, Dec. 3.—Duncan Clark's "Lady Minstrel company" was yesterday before Mayor Brashear on a warrant sworn out by Mrs. Dora Webb and Mrs. R. L. Browlee, of Steubenville's Social Purity society.

The company performed Wednesday night in the City opera house and the affidavit charges that the members did "unlawfully violate ordinance No. 272, by an indecent exposure of person."

At noon the entire company, male and female, were before the mayor. A motion to quash the indictment was vigorously contested and then refused and a fine of $40 imposed. The Social Purity people will next turn their attention to the Rose Hill Folly company, billed to appear here.

SKIPPED WITH THE CASH.

An Illinois Man Goes to Canada to Reside--Other Swindlers.

FREEPORT, Ill., Dec. 3.—Howard Hunt, of Spring Grove, in this county, is alleged to have absconded with several thousand dollars, obtained from the banks of Monroe, Wis. A man named Loss rented Hunt's farm and gave notes for $3,000. Hunt raised money on these and borrowed all the cash he could. It is thought he is in Canada.

ST. PAUL, Minn., Jan. 3.—Dexter J. Turner, South Dakota agent of the Citizens' Life Association of Cherokee Nation, whose operations in South Dakota were termed a gigantic swindle by State Auditor Taylor, was arrested at Mitchell, South Dakota, yesterday, and will be prosecuted to the full extent of the law, which provides a penalty of $1,000 for each policy written.

BLOOMINGTON, Ill., Jan. 3.—On the night of December 24 M. G. Patterson, a contractor of Refar, Ill., who was erecting new buildings at the Soldiers' Orphans' home near this city, disappeared with $800, and it was believed he had been way-laid and murdured. The murder theory is exploded, and it turns out that he fled because of financial entanglements. Suits aggregating nearly $20,000 have been begun against him by creditors in different cities and many more are expected to be begun.

PUBLIC INSTALLATION.

The Officers of Harmony Lodge Officially Invested.

Last night was held the public installation of the officers of Harmony lodge No. 19, I. O. O. F.

There was a large attendance. The Emerson quartet, of Huntington, were present. The quartet is composed of W. H. Cast, S. T. Cast, J. H. Brown and F. S. Bash, all of whom, also, are members of the order.

This organization has been here on several occasions, but not heretofore have they won laurels as they did last evening.

The grand lodge representatives were District Deputy Grand Master H. L. Williamson; grand marshal, W. Langtry; grand warden, John Shuester; grand secretaries, James Frost and William Devilbiss; grand permanent secretary, Henry C. Schwier; grand treasurer, A. C. Keel; grand guardian, John Walter.

Deputy Williamson installed the officers and the ceremonies were very interesting.

At the conclusion of the exercises, Rev. W. M. VanSlyke addressed the audience upon the subject: "Why Am I an Odd Fellow," which was filled with solid ideas and truths. He was followed in short addresses by Past Grand Master Enoch G. Cox and Rev. S. A. Northrop.

The event was a grand success.

FLOODED CELLARS.

Water Knee Deep Under Some of the Calhoun Street Stores.

Some of the cellars on the west side of Calhoun street between Brackenridge and Baker streets are flooded with water caused by the backing up of sewers on account of the recent heavy rain-fall.

William Durfee's cellar contained over two feet of water this morning which has receded considerably by this time.

Under Markey & Mungovan's grocery last night Frank Mungovan was wading around with hip rubber boots trying to fish out some of the goods stored there.

Several other cellars are similarly flooded and the loss will be considerable.

SUICIDES FOLLOW!

In the Train of the Dreaded La Grippe--Policemen Visited by the Malady.

NEW YORK, Jan. 3.—Since the grippe became epidemic eight members of the police force have died from diseases supposed to have been caused by it.

Naro Buro Thuda, a Jap, who worked in Henry C. Parde's Japanese porcelain factory, and who killed himself yesterday by cutting his throat with a razor, is supposed to have been incited to the act by grippe.

Mrs. Margaret Stenick, the wife of John D. Stenick, a hatter, died yesterday from the effects of paris green poison, swallowed with suicidal intent on Tuesday night. Her friends believe that her death resulted directly from despondency occasioned by the grippe.

John B. Kent, for many years a clerk in the employ of the American Bell Telephone company in this city, died suddenly yesterday afternoon. Mr. Kent had been ill for several days with the "grippe." He had improved, however, and passed much of yesterday in playing cards. Subsequently he lay down on a lounge and was found lying dead there some time later. Death evidently resulted from appoplexy.

One death from LaGrippe has occurred at Keyport, N. J., and two at Newark.

LONDON, Jan. 3.—The influenza is making heavy inroads on the police force, especially in the eastern part of the city.

PLAINFIELD, N. J., Jan. 3.—Florence Louis Elden, died from la grippe, at the home of her sister, Mr. T. E. Hazell, here yesterday, Miss Elden's home is in Boston, Mass., and during the holidays she had been visiting in Plainfield. On Thursday of last week she was stricken with the influenza, which developed into typhoid pneumonia.

JERSEY CITY, N. J., Jan. 3.—Thirty policemen, twenty-eight firemen, thirty sugar refinery employes, forty-two horse railroad employes, fifteen compositors on the Jersey City News office, twenty employes at the Erie railroad shops, eighteen butchers at the Abattoir at the foot of Sixth street, and fifteen zinc workers have got the grip. The deaths of three victims of the disease have been reported.

NEW YORK, Jan. 3.—Louis Nathal, the well-known author, musician and composer, died at the French hospital last night, from pneumonia, superinduced by la grippe.

MADRID, Jan. 3.—Operatic performances in this city will be suspended until after the funeral of the celebrated tenor, Gayarre, who died of influenza. The extent of the mourning for Gayarre is remarkable. The tenor was popular with all classes and was confidently regarded by all Spaniards as well as by many outside of Spain as the greatest of tenors.

TORONTO, Ont., Jan. 3—The "grippe" has reached this city and physicians pronounce it the genuine imported disease. A large number of people are prostrated with it and a rapid spread is expected.

ROME, Jan. 3.—Prince Minister Crispi is down with the influenza.

KINGSTON, Ont., Jan. 3.—La grippe has struck this city and many people are down with it. A little son of Ed Conville, of the police, has died of the disease. At Napanee most every second person has the disease and the newspapers there find great difficulty in getting out their issues because of the grippe's prevalence.

NEW YORK, Jan. 3.—LaGrippe shows no signs of letting go in this city. No less than 359 members of the police force are now in its clutches, according to reports from headquarters up to noon to-day. Among them were one captain, four sergeants, four roundsmen and one door man.

WALLINGFORD, Conn., Jan. 3.—Col. Chas. H. R. Nott, bookkeeper for the firm of Foy, Harmon & Chadwick, corset manufacturers of New Haven, committed suicide by shooting himself here yesterday afternoon. He had had the grippe and had been taking large doses of quinine, which is said to have made him temporarily insane.

GUILTY OF MURDER.

Burglars Use Chloroform in Their Midnight Visits, Causing Death.

TRENTON, N. J., Jan. 3.—Burglars entered and robbed the house of Dr. Kniffen, a well known dentist here, last night, using chloroform to prevent the family waking. Mrs. Kniffen has since died from the effects, and Miss Purcell, who was visiting the family, is dangerously ill. No clew to the criminals has yet been obtained. The two women were sleeping together, Dr. Kniffen being away from home. Dr. Kniffen's house was robbed a few weeks ago.

A TRESTLE FALLS

At Birmingham, Ala., Killing Two Carpenters and Injuring Others.

BIRMINGHAM, Ala., Jan. 3.—An unfinished trestle on the Brierfield, Blotton and Birmingham railroad fell yesterday morning, carrying down twenty-five carpenters who were at work on the structure. David J. Webb and Carl Clark were killed and twenty others injured.

A number of the men received broken legs, arms or ribs and several of the injured may die.

The place where the accident occurred is forty miles from this city and only the names of the killed have been learned. The accident was caused by the foundation of the trestle not being properly secured.

THE QUEEN'S PARDON

Will Probably Be Extended to Mrs. Maybrick.

LONDON, Jan. 3.—Mrs. Maybrick's friends have of late redoubled their efforts to secure the prisoner's release. They claim to have gathered from American and other sources, such a mass of convincing evidence in favor of Mrs. Maybrick that the queen will be unable to refuse a pardon.

A NEW BANK.

A. B. Nickey and Others to Organize a New National Bank Here.

The removal of Mr. A. B. Nickey, the millionaire lumber dealer and stock raiser, from Auburn to Fort Wayne is bound to have important results, very beneficial to the city.

THE SENTINEL learns from undoubted authority that Mr. Nickey is at the head of a company of moneyed men, organized for the purpose of establishing a fourth National bank here. Associated with Mr. Nickey in the venture are his brother, S. W. Nickey, the Whitley county stock raiser, whose wealth is estimated at $300,000; Banker McClelland, of Columbia City, and other gentlemen prominent in financial circles.

Efforts have been made to secure a desirable Calhoun street location, but no purchase has yet been closed. If a building adapted to the purposes intended cannot be acquired, it is proposed to erect one early in the spring, and the company will not hesitate to demolish a good building if the site should seem worthy of such a better structure.

If a building be erected its main floor will be elevated a few feet above the sidewalk, and in the basement, reached by the descent of a few steps, a savings bank will be found, where the small deposits of the wage workers will be received.

On Webster street, just south of Williams park, Mr. A. B. Nickey is about completing his new residence, one of the handsomest in Fort Wayne, and on both sides of South Calhoun street, just beyond the city limits, he has purchased eighteen acres of land which will soon be platted and laid out in lots for sale to actual builders, Mr. Nickey himself leading the improvement by the erection of a number of fine store buildings on Calhoun street.

RAILING'S REQUEST.

He Demands $5,000 of the Pennsylvania Railroad.

Suit has been entered in the circuit court in which Daniel Railing seeks to recover $5,000 damages from the Pennsylvania railroad for injuries received.

The attorneys for the complainant are Judge L. M. Ninde and W. J. Vesey, and the complaint avers that Railing was on the 8th of August last a passenger on one of the Pennsylvania trains, and that as the cars were crossing a bridge over the Juniata river in Ohio, a chain or some like thing, depending from the side of the bridge, was forced in the open window on which his arm was resting and delivered him such a violent blow as to badly lacerate the member and injure it to such an extent that it is wholly and permanently disabled.

The plaintiff in the above case resides in Decatur, Adams county. The proceedings had to be instituted in a county through which the railroad passes, which accounts for the selection of the Allen circuit court.

THE open winter makes sleighs poor property. The manufacturers who have a stock of them on hand would be glad to sell them at cost.

THE democratic Tariff Reform association of the Eleventh congressional district will hold its annual meeting at Wabash on January 8th.

NINETY-EIGHT men were hanged during 1889, who were condemned to death by courts of justice. Judge Lynch dealt out death to 175 persons.

THE question of the proper location for the world's fair seems to have been lost sight of lately, but Chicago is putting her best foot forward to secure it.

IT IS growing close on to 1892. The democrats are going to elect the next president. It ought to be an Indiana man who will step into President Harrison's shoes.

THIS kind of weather saves coal and wood. The natural gas consumers did not figure on an open winter when they made their estimates of their comparative expense.

THE candidates for the Ohio senatorship are working hard for the honor. A dozen or more of them are going to get left, and Cal Brice thinks he is not among the number.

J. FRANK SNYDER, formerly editor of the LaGrange Democrat, and late postmaster at that place, so the Goshen Times says, has become a Unitarian minister of the gospel.

THE old year ended with mud and rain and the new year kept it up. The clouds broke, however, last night and we now have the promise of weather—what kind time only can tell.

THE grand total of money embezzled from corporations, private firms, in the United States during the last year, is $8,562,753. Of this amount $5,988,375 was confiscated during April.

MR. R. T. MCDONALD, the manager of the Electric Light works in this city, will, so the Daily News says, be a candidate for delegate to the next presidential convention from this district.

THE streets of the city are growing worse every day and many of them are almost impassible for vehicles. This kind of weather is a sort of clinching argument for those who favor the paving of many of them next summer.

BROTHER PAGE, of the News, does not believe in discharging faithful and competent government employes with every change of the national administration. The republicans are doing it, however, right along. The party worker has got to have an office, and the only way to give it to him is to turn the democrats out, even though they have been faithful and true. This has been Harrison's idea, and he will keep it up until there isn't a democrat left in the government employ.

THE name of Mr. Henry C. Berghoff, our late city treasurer, was mentioned by THE SENTINEL some time ago in connection with those who would probably be candidates before the democratic state convention for treasurer of the state. Mr. Berghoff is one of our best German citizens. He managed the financial affairs of Fort Wayne in an honest and capable manner during his term of office for several years and is in every way fitted for the position for which his name is suggested.

DURING the calendar year just ended, excepting the month of December, for which the returns are not complete, we exported $39,944,808 more gold than we imported. During the same time in 1888 the excess of gold exports over imports was $16,746,823. Notwithstanding this excess of exports the stock of gold in the country is probably larger than it was two years ago. The product of our mines is not far from $33,000,000 a year and exceeds rather than falls short of that sum. While, therefore, we have shipped abroad about $57,000,000 more than we have received from abroad we have taken about $66,000,000 from our mines. We have therefore gained $9,000,000, probably, unless there have been unrecorded exports in excess of unrecorded imports, which some observers believe to have been the case. The excess of silver exports over imports last year to December was $19,209,695, against $12,200,056 for the same months in 1888. The stock of this metal in the country in the form of coin we know was increased more than $33,000,000 during the year just closed, since more than that number of silver dollars was coined. The director of the mint estimates the amount of gold coin in the country on the 1st of November last at $619,640,453 and the stock of silver coin at $420,266,782. Besides the gold coin there was about $110,000,000 of gold bullion in the treasury at that time. The entire stock of gold, therefore, can hardly be less than $730,000,000 at this time.

AN exciting election of officers was held Tuesday at St. Louis by the Western Commercial Travelers' association. The "opposition" ticket, headed by James Bannerman, was elected. James C. Miller, of Chicago was elected second vice-president.

GLEANED GOSSIP.

What Neighboring Exchanges Say of Fort Wayne People.

Lagrange Standard: "F. M. Barrows and wife visited at Auburn and Fort Wayne this week."

Lafayette Courier: "Mr. and Mrs. Julius Pottlitzer and Max Pottlitzer, of Fort Wayne, spent New Years in the city."

Rome City correspondence: "Mrs. W. P. Denny and baby returned to her home in Fort Wayne Monday. She has been visiting Grandpa and Grandma Lake for several days.—Mr. Reed, who moved here this fall from Fort Wayne, has his fine residence well under way and if the cold weather holds off he will have it inclosed in a few days."

Ligonier Banner: "Last Sunday Rabbi A. Guttmacher, of Fort Wayne, delivered a most excellent and interesting lecture to a fine audience at the Hebrew temple, on Main street. The reverend gentleman is a splendid talker, and his lecture showed the work of a well trained and broad intellect. His liberality in the treatment of matters, when opinions are at variance, showed him to be conservative and conscientious. He is a young man of rare promise, and during his short stay here made many friends."

Plymouth Democrat: "Mr. and Mrs. Geo. Loesch and Mr. and Mrs. Fred Hoham, of Fort Wayne, visited their father, Mr. John Hoham and family New Years eve.—Mrs. Fannie Reed and son, Jay, of Fort Wayne, is visiting for a day at her former home, in Plymouth.—The first announcement of the approaching marriage of Miss Mary Sweeney, of this city, and Mr. Houk, of Oregon, was made in the Catholic church yesterday morning. The marriage will take place, we understand, at Fort Wayne, about the middle of January."

SIMONS' COMPLIMENT.

He Talks on the Electric Light Decision of Judge Gresham.

Mr. M. W. Simons cards the Plymouth Democrat thus:

"Will you please state for the benefit of whom it may concern, that for some time prior to the recent decision of Judge Gresham, a majority of the stock of the Brush Electric Light company was in the hands of parties entirely friendly to the Fort Wayne Electric Light company and their successors, the Fort Wayne Electric company.

"Users of the apparatus of the Fort Wayne Electric Light company and the Fort Wayne Electric company, will not be molested in the least. The decision, under the circumstances, will serve to strengthen the Fort Wayne company as all other infringers of the Brush patents will be prosecuted to the extent of the law.

"Allow me to say further, that, in my humble opinion, Judge Gresham, in legal knowledge, sound judgement, and true manly qualities, is far in advance of any legal light of the present day. No decisions of his, however adverse they might be to me personally, would ever change my present opinions of him.

Respectfully,
M. W. SIMONS."

Architect F. B. Kendrick is busily engaged in preparing plans for Mr. John Peters for a fine brick business block, to be erected the coming year, on the property known as the Peters homestead, on West Jefferson street, between Harrison and Calhoun streets. The new structure will be three stories in height. The lower floor will be divided into three rooms which will be fitted up for business rooms, and the upper room will be arranged as flats, provided with every convenience and necessity.

LA GRIPPE.

The Symptoms of the Various Forms of the Malady.

An article in the London Lancet furnishes us with a guide for determining whether we have influenza or not. It states that the period of incubation for the annoying malady is two days. According to the Lancet, there is lassitude, headache, and rigors, followed by great prostration, weakness, articular pains, headache, and sometimes by giddiness or various nervous phenomena, such as hyperæsthesia. The temperature rises rapidly; it may be almost as high as 105 degrees, but generally falls quickly, seldom remaining high more than from one to three days. So far as appears at present there is always some slight enlargement of the spleen to be detected.

Three main types of the disease have been distinguished—the purely neurotic, the catarrhal and the gastric. Cases corresponding to the purely neurotic type are marked by severe neuralgic pains, which might be supposed to betoken the commencement of an attack of pleurisy, while the mucous membrane of the respiratory and digestive tracts is quite unaffected. This form has been very common and has been at the commencement mistaken for typhoid. In the catarrhal form there is bronchial catarrh, running at the nose, and conjunctivitis, which may either come on simultaneously with the fever or after this has gone down, and which usually lasts for several days after the temperature has become normal. In the gastric form there is sometimes severe vomiting, lasting for one or two days.

With regard to complications which have been noted as occurring during the present epidemic herpes of the lip and nose has been very frequent, and sometimes has been seen on the eyelids; erythema, roseola, and uticaria have also been seen; meningitic irritation and catarrhal pneumonia, too, are mentioned. The last-named complication has been the cause of the few deaths that have taken place. Many of the cases, on the other hand, have been very slight. Some relapses are reported as having occurred from five to seven days after convalescing; they were marked by a rise of temperature, rigors, and catarrh.

"But oh! what damned minutes tells he o'er" who suffers, but waits; who writhes, yet moans, before he makes up his mind to send out for just twenty-five cents worth of Salvation Oil, the pain cure.

They say the average politician is getting hoarse talking about tariff and no tariff; but he cures his co'd every night with Dr. Bull's Cough Syrup, and begins afresh next morning with the lark.

This is strange reading here: Ice in the Penobscot river in Maine is three feet thick. Ice men are expecting the best crop for years.

"STOP"—Nature Has a Cure.

EATON RAPIDS, Mich.

J. M. LOOSE RED CLOVER CO., Detroit:—Two years I was afflicted with a very severe attack of Erysipelas. After two physicians had used their treatment for several weeks and I continued growing blind, and in their diagnosis concluded that there was no earthly help or hope for me. I gave up, having tried all the remedies I knew or heard of. My neighbor, Mr. Miller, came in to see me one day, and said try Loose's Extract of Red Clover, as he had known of its working remarkable cures. I told him I had lost hope, that nothing would do me any good in the world. He insisted, and taking his hat went to the drug store and bought me one bottle and urged me to try it, which I did. Ten days afterward I sent for two more bottles, and it is wonderful how I improved. I continued using it and to-day I am better than I have been in years. No sign of erysipelas has shown itself and I heartily recommend it to suffering humanity as the greatest and best blood purifier in existence. Yours truly,
HENRY MARVIN.

Great Improvements.

It is not many years ago since people travelled on horseback or by stages; now fifty miles an hour is not fast enough for them. Formerly people wrote letters that were weeks in reaching their destination; now the telegraph flashes thought around the world. Formerly doctors bled their patients for nearly every complaint; now they use advanced science of the highest order. Prof. Austin Flint, of Bellevue college, says: "The judicious use of alcoholic stimulants is one of the striking characteristics of progress in the practice of medicine during the last half century." Prof. Henry Mohr, Ph. D., F. C. S., says: "By a most careful analysis I have found Duffy's Pure Malt Whiskey free from adulterations or foreign substances, and it deserves to meet with great success." The well known Dr. H. W. Hutchinson, of New York, says: "I highly recommend Duffy's Pure Malt Whiskey and prescribe it extensively in my practice." Rev. B. Mills, of Princeton, Iowa, says: "I have used Duffy's Pure Malt Whiskey with great benefit to my wife, who is a confirmed invalid. I know from experience it is a pure and most valuable medicine. I am also using it in the case of my son, who is threatened with consumption. I am a Presbyterian clergyman and a doctor of divinity, but I am not afraid to recommend Duffy's Malt Whiskey as the purest and most efficient tonic that I know of, and my experience is a large one."

Sentenced to Hang.

CLEVELAND, Ohio, Jan. 2.—Judge Solders this morning sentenced Otto Leuth, the seventeen-year-old boy who was recently convicted of the murder of little Maggie Thompson, to be hanged at Columbus on April 16. Leuth's mother, who was during the trial an object of popular pity, fainted on hearing the sentence of her son, and had to be carried from the court room.

A Witty Customer

went to a drug store and asked for SOZODONT. The storekeeper said, "We're out of that, but here is something just as good." The practical customer said, "No you don't," and walked out to a neighboring store and got a bottle of SOZODONT.

There is nothing lost. Blackwood's Magazine tells of a factory which makes 5,009,000 tin soldiers yearly out of sardine cans.

Interested People.

Advertising a patent medicine in the peculiar way in which the proprietor of Kemp's Balsam for Coughs and Colds does, is indeed wonderful. He authorizes all druggists to give those who call for it a sample bottle free, that they may try it before purchasing. The large bottles are 50c and $1. We certainly would advise a trial. It may save you from consumption.

If you do not receive your SENTINEL regularly, please notify us immediately, either in person or by postal card, that we may remedy the fault.

Advice to Mothers.—Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferer at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to take. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels and is the best known remedy for diarrhœa, whether arising from teething or other causes. Twenty-five cents a bottle.

Jan-27-1y

Mr. Moore, the postmaster at Bradshaw, Va., after reading an advertisement of Chamberlain's Colic, Cholera and Diarrhœa Remedy, concluded to try a small bottle of it. He says: "I used it in two cases for colic and three for diarrhœa with perfect satisfaction. One dose gave relief in every case but one, and that was a bad case of colic and required the second dose. I have handled a great deal of patent medicine as agent and for my own use, but never tried any that gave as good results as 'Chamberlain's Colic, Cholera and Diarrhœa Remedy.' CINDERS IN THE AIR.

Items Fly Pretty Thickly Around the Busy Centers To-Day and Our Reporter Gathers Them In.

The first pay days of the year will soon be here.

The Nickel Plate is doing a heavy freight business.

Local passenger business on the railroads is very light.

Our city is one of the best railroad centers in the state.

The Pittsburg shops commence the year with plenty of work.

J. A. Watkins, of the east Pittsburg shops, returned to work yesterday.

A. D. Cressler, of the Kerr Murray works, is at Lima, Ohio, on business.

R. Doring, carpenter at the east Pittsburg car shops, has returned to work.

T. Gardner, fireman on the Pittsburg, is visiting his mother at Newark, Ohio.

Charles Schafer, blacksmith at White's wheel works, is suffering from influenza.

C. Schafer, of the east Pittsburg car shops, has returned to work after a vacation.

The fatal accident to Conductor M. J. Mangen will be found in our local columns.

Charles Strawbridge, secretary at Bass' works, returned last evening from Bucyrus, O.

Will the year 1890 see the Mahoning railroad built? Echo answers: "Will it? Will it?"

H. P. Croy, of east Pittsburg car shops, returned to work yesterday after a week's vacation.

W. J. Madison, Pittsburg machinist, who has been ill for the past week, returned to work yesterday.

D. L. Judy, of the Pittsburg machine shops, who injured his foot some time ago, returned to work yesterday.

Charles Turner, clerk at the Pittsburg lumber yards, has returned to his work, after an attack of influenza.

Fred Grote, of the Olds works, has received a dispatch announcing the death of his brother August, at Denver, Col.

The Olds wheel works turned out 78,000 sets of wheels during the last year. This is the largest business it has ever done.

Louis Curdes, of the organ factory, is being congratulated on account of the little son who made an appearance at his home yesterday.

Wm. Rhodes, machinist at the Pittsburg works, who has been confined to the hospital for some time with illness, has resumed his place again.

An office building for Road-Foreman of Engineers Polhamus, of the Pennsylvania, will probably be erected this year near the company's round house.

The brother of Foreman Jack Kuhns, of the Fort Wayne Iron works, who has been visiting him for several days, left last night for his home in the east.

Round-house foreman, P. J. Fallon, of the Nickel Plate, speaks encouragingly for the prospects of the road this year. "P. J." stands up for the Nickel Plate and is always saying a good word for it.

Foreman S. C. Henderson, of the Pittsburg copper shops, was taken suddenly ill yesterday and had to be taken to his home in a carriage. He was better this morning, but will be confined to his bed for several days.

In the year 1889 the Pennsylvania road handled 15,097,915 tons of coal and 4,451,415 tons of coke, which was 330,688 less tons of coal than the road handled in 1888 and 418,571 more tons of coke than it handled in 1888.

The Wabash railway company have just issued their calendar for the new year and its a beauty. The feature of the calendar is six ladies standing in the background representing the six states through which the Wabash passes.

James F. Howe, vice-president and treasurer of the Wabash, has resigned the position of treasurer to devote his entire time to the duties of vice president. F. L. O'Leary, assistant treasurer, will succeed Mr. Howe as treasurer.

In the year 1889 there were an unusually large number of deaths among railroad officials, most of them in the higher positions of the service. The railway age states that 120 officials ceased from their labors last year and many of them were widely known.

Last year was the best ever known for the steel rail mills of this country. The owners of the big steel mills are said to be jubilant over the results of the twelve months' business. Their profits were satisfactory and the new year begins under favorable auspices.

General Passenger Agent Horner, of the Nickle Plate, wants no trademark. The simple phrase "Nickel Plate," artistically designed is enough for him. Mr. Horner lately offered a prize for a trademark, but on all the designs sent in the nickel coin bore a conspicuous part.

The railroads are gradually relieving the greatest freight rush ever known in their history. It is believed that in another week the trunk lines will have "caught up" to current shipments and the great freight blockade of 1889 will be at an end. All the trunk lines made an effort to catch up by the close of the year, but they will now be glad if they accomplish it in the first week of 1890.

President Hughart, of the Grand Rapids and Indiana, will leave to-night in his special car for Flordia to spend the remainder of the winter at his orange grove near Zellwood. Enoch Pettiford, who always accompanies Mr. Hughart, will have charge of the car, and as usual will set down in his book, which he has arranged for the purpose, the date of starting, the lines of road traversed and the names of places where they change from one road to the other.

Supt. C. D. Law has divided the telegraph service of this division of the Pittsburg and Fort Wayne into three sections instead of two, in order to facilitate the work. The divisions now are: Crestline to Van Wert; Van Wert to Plymouth, and Plymouth to Chicago. Three dispatchers have been added to the force, making nine in all. The new men are Fred V. O'Connor, formerly of the Nickel Plate; M. E. Tuttle, of Columbia City, and J. F. Patterson, of this city.

Having lost its receivership suit against the Midland Railroad company, the Loan and Investment company, of New York, has taken another tack and filed with Judge Gresham, at Chicago, a petition praying for an order directing the Midland Railroad company to pay the complainant, within a reasonable time, the note of the railroad company for $138,000, now past due, for which the bonds described in the original bill were pledged as collateral security. The order asked for also directs the clerk of the United States court to receive an installment of interest due January 1, 1890. Clerk Butler has therefore demanded from the Midland company the interest that has been due on the $1,110,000 of bonds. As to that portion of the petition asking for an order compelling the company to pay off the principal of the note, the judge orders that all the parties interested appear before him in chambers, in Chicago, on January 13, 1890, when he will consider the petition.

BIRTHDAY SURPRISES.

The birthday of Foreman R. H. Harrison, of the Pittsburg car shops, falls upon the first day of January and hence New Years day is always a bright and happy one for him. This year it was unually so, for on Wednesday evening a large number of his friends visited him at the home of Mrs. O'Brien, 22 Charles street, which is his boarding place, and gave him a number of handsome and useful presents. Mr. Harrison was surprised, but was equal to the occasion and entertained his friends with a bounteous repast. The evening was spent in a very pleasant manner. Mr. Harrison is fifty-five years old.

Yesterday was the birthday of W. L. Scott, one of the popular engineers on the Pittsburg road and in the evening a large number of his friends called at his home, 108 Wallace street, and presented with a handsome easy chair. The presentation speech was made by Mrs. Mollie O'Brien. Mr. Scott was completely surprised, but he responded in a feeling manner. Refreshments were served and a very pleasant time was enjoyed.

TWENTY-EIGHT YEARS WITH THE SAME WORKS.

Frank H. Fink has been connected with the Bass works for twenty-eight years. He was born and educated in this city and when he was fifteen years old learned the moulder's trade. He continued in this occupation at the Bass works for a number of years when he was made foreman of one of the moulding rooms and has served in this capacity for ten years proving a faithful and trusted employe and a general favorite with all.

In the same year, 1862, that Frank Fink took service with the Bass works, Robert Cran was also employed. He was born in the old city of Quebec, Canada, where he learned the moulder's trade, and came to this city in 1860. He is now foreman of the car wheel department of the Bass works, a position he has held for ten years. In his earlier years he was a member of the volunteer fire department, serving in that for twenty-two years, six of which he was assistant chief under Frank Vogel. He now represents the Sixth ward in the city council and is one of our most esteemed citizens.

Rheumatism

is undoubtedly caused by lactic acid in the blood. This acid attacks the fibrous tissues, and causes the pains and aches in the back, shoulders, knees, ankles, hips, and wrists. Thousands of people have found in Hood's Sarsaparilla a positive cure for rheumatism. This medicine, by its purifying action, neutralizes the acidity of the blood, and also builds up and strengthens the whole body.

Don't put an expensive frame around your New Year's resolution. It—the resolution—will soon be a thing of the past.

CHRISTMAS TREE CANDLES

We have an immense supply and this year at extremly low prices, 15c a Box.

AND IN OUR TEA, COFFEE AND SUGAR DEPARTMENT

Our increase in them is very great since removing to the new place. The high price of Coffee is inducing a good many to use Teas, as there has been no advance in them, in fact Teas are lower now than they have ever been in the history of the trade, a good Tea can now be bought for 20c per pound, this is the same price as a pound of Rio Coffee and it will go twice as far. Our very best Tea is 50c per pound, just the same goods that sold a few years ago at $1.00 per pound. We also have a common Japan Tea as low as 10c per pound, this we sell little of, our best goods are so cheap that most of the trade prefer the best.

Young Hyson Tea 20c lb, choice 30c and 40c lb, best 50c lb.
Gun powder Tea, very choice, 30c lb, best 50c lb.
Oolong or Black Tea, 20c lb, 30c lb, best 50c lb.
Imperial Tea, choice 30c lb, very best 50c lb
Japan Tea, common 10c lb, choice 30c lb, best 50c lb.

The 30c Japan Tea can not be beat. In fact, it will make as good a draw as the 50c, and few can tell the difference. It is sweet, high flavored and a rich drawing Tea. It is a lot of 50 chests we purchased of a New York house in closing out at half the usual price. No charge for trying it. You will try two pounds in place of one when you once see it.

THE SUGAR MARKET

In consequence of the movements of the sugar trust, sugar has been subject to severe fluctuations and the rises in 90 days was equal to 40 per cent, but in the last 30 days the tendendcy has been downward, and we have reduced all goods 1c lb, from the highest point we quote now:

Crushed and Powdered, 8c lb. Cut Loaf and Granulated, 8c lb.
Standard Coffee A., 7½c lb. Choice Yellow Extra C., 6c lb.

COFFEE, RIO AND JAVA.

The same influences that governed the sugar market has also controlled the coffee—viz—a coffee trust—and the price has been advanced and maintained the last year, in the face of a large crop and abundant supplies. The main ditch extends through Allen county into Huntington, and has numerous branches. It drains 40,000 acres of land southwest of Fort Wayne, and with its tributaries 80,000 acres are affected. The reports show that $152,602.61 was collected, and that $124,044.92 was paid the Little River Ditching company; $6,250 was disbursed for damages by order of the court, and $19,859.20 went to expenses of construction, costs, etc., leaving $2,447.89 still in the hands of the drainage commissioners. MET INSTANT DEATH!

Conductor M. J. Mangan, of This City, Falls Between the Cars and His Body is Cut in Twain.

A fatal accident happened at 3 o'clock, this morning on the Pittsburg road at Wheeler, a small station west of here, near Valparaiso, and M. J. Mangan, a well known conductor of this city, lost his life.

Mr. Mangan is a young man, who lives with his widowed mother, Mrs. Bridget Mangan, and his sister, at No. 3 Walnut street. He was a freight conductor on the Pittsburg road, and was soon to have been promoted to the position of passenger conductor, but death came and robbed him of the brilliant prospects in life before him.

He left his home last evening, bright and cheerful, bidding his mother and sister a brief good bye, to take his regular run, little dreaming that when he returned to them he would be brought back a corpse. They may have realized the danger of their loved son and brother's occupation, but if so, they spoke not of their fears, and only words of farewell were said, as he left home, as he had done so many times before, to do his duty in the battle of life.

He boarded his train and commenced his duties for the new year. The train pulled out from this city during the night and when at Wheeler, young Mangan met with the accident that caused his death.

Duty called him from the caboose in the rear to another part of the train, and as he was stepping from its platform to the freight car in front he lost his hold in some way, and fell between the cars to the track.

In a moment the dreadful wheels were on him, and, passing over his body, cut it in two, causing instant death.

His fellow trainmen, after the stopping of the train, went back and gathered up the mangled remains and bore them to a suitable place. The body of the dead man will be brought to the city this evening.

He was a member of the Pennsylvania company's Relief association and his mother and sister will receive the amount of his policy, which was $1,000.

Another sad feature connected with his case is that his sister, an excellent young lady, is very sick and is not expected to live long. Both the mother and sister were nearly heart-broken when they heard of their loved one's death, and it was indeed a sad blow to them.

SHOT HIS SWEETHEART.

Because She Refused to Marry Him, and Then Attempts Suicide.

WAUSEA, Wis., Jan. 3.—Herman Friedrichs, a German about twenty-one years of age, called upon Bertha Erdman in the town of Stettin yesterday afternoon and asked her to marry him. She refused, and he drew a revolver and shot her in the left breast, inflicting a fatal wound. As she fell to the ground Friedrichs shot himself in the head, making a frightful wound, from which he cannot recover.

No one was present at the time of the shooting, but a crowd was quickly attracted by the sound of the shots, and medical aid was at once summoned. The doctors say there is no hope that either of the victims will survive. Miss Erdman is a pretty girl of twenty. Friedrichs has been persistent in his attentions to her, and had several times proposed and been refused. In spite of his injuries the feeling against him is bitter.

BOOMING DILLE.

HUNTINGTON, Ind., Jan. 3.—John I. Dille, at present register of the land office at Guthrie, Oklahoma, is being pushed by friends in this section of Indiana for the position of governor of Oklahoma. DISAPPOINTED BALD HEADS.

Steubenville Sits Down on a Female Minstrel Troupe by Fining Them for an Indecent Performance.

STEUBENVILLE, Ohio, Dec. 3.—Duncan Clark's "Lady Minstrel company" was yesterday before Mayor Brashear on a warrant sworn out by Mrs. Dora Webb and Mrs. R. L. Browlee, of Steubenville's Social Purity society.

The company performed Wednesday night in the City opera house and the affidavit charges that the members did "unlawfully violate ordinance No. 272, by an indecent exposure of person."

At noon the entire company, male and female, were before the mayor. A motion to quash the indictment was vigorously contested and then refused and a fine of $10 imposed. The Social Purity people will next turn their attention to the Rose Hill Folly company, billed to appear here.

SKIPPED WITH THE CASH.

An Illinois Man Goes to Canada to Reside--Other Swindlers.

FREEPORT, Ill., Dec. 3.—Howard Hunt, of Spring Grove, in this county, is alleged to have absconded with several thousand dollars, obtained from the banks of Monroe, Wis. A man named Loss rented Hunt's farm and gave notes for $3,000. Hunt raised money on these and borrowed all the cash he could. It is thought he is in Canada.

ST. PAUL, Minn., Jan. 3.—Dexter J. Turner, South Dakota agent of the Citizens' Life Association of Cherokee Nation, whose operations in South Dakota were termed a gigantic swindle by State Auditor Taylor, was arrested at Mitchell, South Dakota, yesterday, and will be prosecuted to the full extent of the law, which provides a penalty of $1,000 for each policy written.

BLOOMINGTON, Ill., Jan. 3.—On the night of December 24 M. G. Patterson, a contractor of Refar, Ill., who was erecting new buildings at the Soldiers' Orphans' home near this city, disappeared with $800, and it was believed he had been way-laid and murdured. The murder theory is exploded, and it turns out that he fled because of financial entanglements. Suits aggregating nearly $20,000 have been begun against him by creditors in different cities and many more are expected to be begun.

PUBLIC INSTALLATION.

The Officers of Harmony Lodge Officially Invested.

Last night was held the public installation of the officers of Harmony lodge No. 19, I. O. O. F.

There was a large attendance. The Emerson quartet, of Huntington, were present. The quartet is composed of W. H. Cast, S. T. Cast, J. H. Brown and F. S. Bash, all of whom, also, are members of the order.

This organization has been here on several occasions, but not heretofore have they won laurels as they did last evening.

The grand lodge representatives were District Deputy Grand Master H. L. Williamson; grand marshal, W. Langtry; grand warden, John Shuester; grand secretaries, James Frost and William Devilbiss; grand permanent secretary, Henry C. Schwier; grand treasurer, A. C. Keel; grand guardian, John Walter.

Deputy Williamson installed the officers and the ceremonies were very interesting.

At the conclusion of the exercises, Rev. W. M. VanSlyke addressed the audience upon the subject: "Why Am I an Odd Fellow," which was filled with solid ideas and truths. He was followed in short addresses by Past Grand Master Enoch G. Cox and Rev. S. A. Northrop. The event was a grand success.

FLOODED CELLARS.

Water Knee Deep Under Some of the Calhoun Street Stores.

Some of the cellars on the west side of Calhoun street between Brackenridge and Baker streets are flooded with water caused by the backing up of sewers on account of the recent heavy rain-fall.

William Durfee's cellar contained over two feet of water this morning which has receded considerably by this time.

Under Markey & Mungovan's grocery last night Frank Mungovan was wading around with hip rubber boots trying to fish out some of the goods stored there.

Several other cellars are similarly flooded and the loss will be considerable.

SUICIDES FOLLOW!

In the Train of the Dreaded La Grippe--Policemen Visited by the Malady.

NEW YORK, Jan. 3.—Since the grippe became epidemic eight members of the police force have died from diseases supposed to have been caused by it.

Naro Buro Thuda, a Jap, who worked in Henry C. Pardo's Japanese porcelain factory, and who killed himself yesterday by cutting his throat with a razor, is supposed to have been incited to the act by grippe.

Mrs. Margaret Stenick, the wife of John D. Stenick, a hatter, died yesterday from the effects of paris green poison, swallowed with suicidal intent on Tuesday night. Her friends believe that her death resulted directly from despondency occasioned by the grippe.

John B. Kent, for many years a clerk in the employ of the American Bell Telephone company in this city, died suddenly yesterday afternoon. Mr. Kent had been ill for several days with the "grippe." He had improved, however, and passed much of yesterday in playing cards. Subsequently he lay down on a lounge and was found lying dead there some time later. Death evidently resulted from appoplexy.

One death from LaGrippe has occurred at Keyport, N. J., and two at Newark.

LONDON, Jan. 3.—The influenza is making heavy inroads on the police force, especially in the eastern part of the city.

PLAINFIELD, N. J., Jan. 3.—Florence Louis Elden, died from la grippe, at the home of her sister, Mr. T. E. MADRID, Jan. 3.—Operatic performances in this city will be suspended until after the funeral of the celebrated tenor, Gayarre, who died of influenza. The extent of the mourning for Gayarre is remarkable. The tenor was popular with all classes and was confidently regarded by all Spaniards as well as by many outside of Spain as the greatest of tenors.

ROME, Jan. 3.—Prince Minister Crispi is down with the influenza.

KINGSTON, Ont., Jan. 3.—La grippe has struck this city and many people are down with it. A little son of Ed Conville, of the police, has died of the disease. At Napanee most every second person has the disease and the newspapers there find great difficulty in getting out their issues because of the grippe's prevalence.

NEW YORK, Jan. 3.—LaGrippe shows no signs of letting go in this city. No less than 359 members of the police force are now in its clutches, according to reports from headquarters up to noon to-day. Among them were one captain, four sergeants, four roundsmen and one door man.

WALLINGFORD, Conn., Jan. 3.—Col. Chas. H. R. Nott, bookkeeper for the firm of Foy, Harmon & Chadwick, corset manufacturers of New Haven, committed suicide by shooting himself here yesterday afternoon. GUILTY OF MURDER.

Burglars Use Chloroform in Their Midnight Visits, Causing Death.

TRENTON, N. J., Jan. 3.—Burglars entered and robbed the house of Dr. Kniffen, a well known dentist here, last night, using chloroform to prevent the family waking. The two women were sleeping together, Dr. Kniffen being away from home. Dr. Kniffen's house was robbed a few weeks ago.

A number of the men received broken legs, arms or ribs and several of the injured may die.

The place where the accident occurred is forty miles from this city and only the names of the killed have been learned. The accident was caused by the foundation of the trestle not being properly secured.

A NEW BANK.

A. B. Nickey and Others to Organize a New National Bank Here.

The removal of Mr. A. B. Nickey, the millionaire lumber dealer and stock raiser, from Auburn to Fort Wayne is bound to have important results, very beneficial to the city.

THE SENTINEL learns from undoubted authority that Mr. Nickey is at the head of a company of moneyed men, organized for the purpose of establishing a fourth National bank here. Associated with Mr. Nickey in the venture are his brother, S. W. Nickey, the Whitley county stock raiser, whose wealth is estimated at $300,000; Banker McClelland, of Columbia City, and other gentlemen prominent in financial circles.

Efforts have been made to secure a desirable Calhoun street location, but no purchase has yet been closed. If a building adapted to the purposes intended cannot be acquired, it is proposed to erect one early in the spring, and the company will not hesitate to demolish a good building if the site should seem worthy of such a better structure.

If a building be erected its main floor will be elevated a few feet above the sidewalk, and in the basement, reached by the descent of a few steps, a savings bank will be found, where the small deposits of the wage workers will be received.

On Webster street, just south of Williams park, Mr. A. B. Nickey is about completing his new residence, one of the handsomest in Fort Wayne, and on both sides of South Calhoun street, just beyond the city limits, he has purchased eighteen acres of land which will soon be platted and laid out in lots for sale to actual builders, Mr. Nickey himself leading the improvement by the erection of a number of fine store buildings on Calhoun street.

Suit has been entered in the circuit court in which Daniel Railing seeks to recover $5,000 damages from the Pennsylvania railroad for injuries received.

The attorneys for the complainant are Judge L. M. Nindo and W. J. Vesey, and the complaint avers that Railing was on the 8th of August last a passenger on one of the Pennsylvania trains, and that as the cars were crossing a bridge over the Juniata river in Ohio, a chain or some like thing, depending from the side of the bridge, was forced in the open window on which his arm was resting and delivered him such a violent blow as to badly lacerate the member and injure it to such an extent that it is wholly and permanently disabled.

The plaintiff in the above case resides in Decatur, Adams county. The proceedings had to be instituted in a county through which the railroad passes, which accounts for the selection of the Allen circuit court.

Fort Wayne Sentinel.

E. A. K. HACKETT, Editor and Proprietor.

FRIDAY, JAN. 3, 1890.

THE presidential boom for James G. Blaine for 1892 has already been started.

WILL we have a building boom this year? Some of our contractors seem to think so.

OUR merchants have not derived very much benefit from the country trade so far this winter.

WE are on the home stretch of the century. The last decade of the years has been entered.

THE la grippe is doing deadly work in New York and other eastern cities, if the reports are true.

SAM SMALL put new hope into many of the prohibitionists in this city by his lecture New Years night.

MRS. MCKEE did the honors at the white house on New Year's day. This offended Mrs. Vice-President Morton.

HON. C. A. MUNSON announces that he will not be a candidate for the democratic nomination for auditor of state.

FORT WAYNE is making a steady increase in population. You can put down the figures for January 1, 1890, at 45,000.

IMMIGRANTS arrived at Castle Garden last year to the number of 315,228, which is a falling off from the year before of 68,367.

THE open winter makes sleighs poor property. The manufacturers who have a stock of them on hand would be glad to sell them at cost.

THE democratic Tariff Reform association of the Eleventh congressional district will hold its annual meeting at Wabash on January 8th.

NINETY-EIGHT men were hanged during 1889, who were condemned to death by courts of justice. Judge Lynch dealt out death to 175 persons.

THE question of the proper location for the world's fair seems to have been lost sight of lately, but Chicago is putting her best foot forward to secure it.

IT IS growing close on to 1892. The democrats are going to elect the next president. It ought to be an Indiana man who will step into President Harrison's shoes.

THIS kind of weather saves coal and wood. The natural gas consumers did not figure on an open winter when they made their estimates of their comparative expense.

THE candidates for the Ohio senatorship are working hard for the honor. A dozen or more of them are going to get left, and Cal Brice thinks he is not among the number.

J. FRANK SNYDER, formerly editor of the LaGrange Democrat, and late postmaster at that place, so the Goshen Times says, has become a Unitarian minister of the gospel.

THE old year ended with mud and rain and the new year kept it up. The clouds broke, however, last night and we now have the promise of weather—what kind time only can tell.

THE grand total of money embezzled from corporations, private firms, in the United States during the last year, is $8,562,753. Of this amount $5,988,375 was confiscated during April.

MR. R. T. MCDONALD, the manager of the Electric Light works in this city, will, so the Daily News says, be a candidate for delegate to the next presidential convention from this district.

THE streets of the city are growing worse every day and many of them are almost impassible for vehicles. This kind of weather is a sort of clinching argument for those who favor the paving of many of them next summer.

BROTHER PAGE, of the News, does not believe in discharging faithful and competent government employes with every change of the national administration. The republicans are doing it, however, right along. The party worker has got to have an office, and the only way to give it to him is to turn the democrats out, even though they have been faithful and true. This has been Harrison's idea, and he will keep it up until there isn't a democrat left in the government employ.

THE name of Mr. Henry C. Berghoff, our late city treasurer, was mentioned by THE SENTINEL some time ago in connection with those who would probably be candidates before the democratic state convention for treasurer of the state. Mr. Berghoff is one of our best German citizens. He managed the financial affairs of Fort Wayne in an honest and capable manner during his term of office for several years and is in every way fitted for the position for which his name is suggested.

DURING the calendar year just ended, excepting the month of December, for which the returns are not complete, we exported $39,944,898 more gold than we imported. During the same time in 1888 the excess of gold exports over imports was $16,746,823. Notwithstanding this excess of exports the stock of gold in the country is probably larger than it was two years ago. The product of our mines is not far from $33,000,000 a year and exceeds rather than falls short of that sum. While, therefore, we have shipped abroad about $57,000,000 more than we have received from abroad we have taken about $66,000,000 from our mines. We have therefore gained $9,000,000, probably, unless there have been unrecorded exports in excess of unrecorded imports, which some observers believe to have been the case. The excess of silver exports over imports last year to December was $19,209,695, against $12,200,056 for the same months in 1888. The stock of this metal in the country in the form of coin we know was increased more than $33,000,000 during the year just closed, since more than that number of silver dollars was coined. The director of the mint estimates the amount of gold coin in the country on the 1st of November last at $619,640,453 and the stock of silver coin at $420,266,782. Besides the gold coin there was about $110,000,000 of gold bullion in the treasury at that time. The entire stock of gold, therefore, can hardly be less than $730,000,000 at this time.

AN exciting election of officers was held Tuesday at St. Louis by the Western Commercial Travelers' association. The "opposition" ticket, headed by James Bannerman, was elected. James C. Miller, of Chicago was elected second vice-president.

GLEANED GOSSIP.

What Neighboring Exchanges Say of Fort Wayne People.

Lagrange Standard: "F. M. Barrows and wife visited at Auburn and Fort Wayne this week."

Lafayette Courier: "Mr. and Mrs. Julius Pottlitzer and Max Pottlitzer, of Fort Wayne, spent New Years in the city."

Rome City correspondence: "Mrs. W. P. Denny and baby returned to her home in Fort Wayne Monday. She has been visiting Grandpa and Grandma Lake for several days.—Mr. Reed, who moved here this fall from Fort Wayne, has his fine residence well under way and if the cold weather holds off he will have it inclosed in a few days."

Ligonier Banner: "Last Sunday Rabbi A. Guttmacher, of Fort Wayne, delivered a most excellent and interesting lecture to a fine audience at the Hebrew temple, on Main street. The reverend gentleman is a splendid talker, and his lecture showed the work of a well trained and broad intellect. His liberality in the treatment of matters, when opinions are at variance, showed him to be conservative and conscientious. He is a young man of rare promise, and during his short stay here made many friends."

Plymouth Democrat: "Mr. and Mrs. Geo. Loesch and Mr. and Mrs. Fred Hoham, of Fort Wayne, visited their father, Mr. John Hoham and family New Years eve.—Mrs. Fannie Reed and son, Jay, of Fort Wayne, is visiting for a day at her former home, in Plymouth. —The first announcement of the approaching marriage of Miss Mary Sweeney, of this city, and Mr. Houk, of Oregon, was made in the Catholic church yesterday morning. The marriage will take place, we understand, at Fort Wayne, about the middle of January."

SIMONS' COMPLIMENT.

He Talks on the Electric Light Decision of Judge Gresham.

Mr. M. W. Simons cards the Plymouth Democrat thus:

"Will you please state for the benefit of whom it may concern, that for some time prior to the recent decision of Judge Gresham, a majority of the stock of the Brush Electric Light company was in the hands of parties entirely friendly to the Fort Wayne Electric Light company and their successors, the Fort Wayne Electric company.

"Users of the apparatus of the Fort Wayne Electric Light company and the Fort Wayne Electric company, will not be molested in the least. The decision, under the circumstances, will serve to strengthen the Fort Wayne company as all other infringers of the Brush patents will be prosecuted to the extent of the law.

"Allow me to say further, that, in my humble opinion, Judge Gresham, in legal knowledge, sound judgement, and true manly qualities, is far in advance of any legal light of the present day. No decisions of his, however adverse they might be to me personally, would ever change my present opinions of him. Respectfully,

M. W. SIMONS."

Architect F. B. Kendrick is busily engaged in preparing plans for Mr. John Peters for a fine brick business block, to be erected the coming year, on the property known as the Peters homestead, on West Jefferson street, between Harrison and Calhoun streets. The new structure will be three stories in height. The lower floor will be divided into three rooms which will be fitted up for business rooms, and the upper room will be arranged as flats, provided with every convenience and necessity.

LA GRIPPE.

The Symptoms of the Various Forms of the Malady.

An article in the London Lancet furnishes us with a guide for determining whether we have influenza or not. It states that the period of incubation for the annoying malady is two days. According to the Lancet, there is lassitude, headache, and rigors, followed by great prostration, weakness, articular pains, headache, and sometimes by giddiness or various nervous phenomena, such as hyperesthesia. The temperature rises rapidly; it may be almost as high as 105 degrees, but generally falls quickly, seldom remaining high more than from one to three days. So far as appears at present there is always some slight enlargement of the spleen to be detected.

Three main types of the disease have been distinguished—the purely neurotic, the catarrhal and the gastric. Cases corresponding to the purely neurotic type are marked by severe neuralgic pains, which might be supposed to betoken the commencement of an attack of pleurisy, while the mucous membrane of the respiratory and digestive tracts is quite unaffected. This form has been very common and has been at the commencement mistaken for typhoid. In the catarrhal form there is bronchial catarrh, running at the nose, and conjunctivitis, which may either come on simultaneously with the fever or after this has gone down, and which usually lasts for several days after the temperature has become normal. In the gastric form there is sometimes severe vomiting, lasting for one or two days.

With regard to complications which have been noted as occurring during the present epidemic herpes of the lip and nose has been very frequent, and sometimes has been seen on the eyelids; erythema, roseola, and uticaria have also been seen; meningitic irritation and catarrhal pneumonia, too, are mentioned. The last-named complication has been the cause of the few deaths that have taken place. Many of the cases, on the other hand, have been very slight. Some relapses are reported as having occurred from five to seven days after convalescing; they were marked by a rise of temperature, rigors, and catarrh.

"But oh! what damned minutes tells he o'er" who suffers, but waits; who writhes, yet moans, before he makes up his mind to send out for just twenty-five cents worth of Salvation Oil, the pain cure.

They say the average politician is getting hoarse talking about tariff and no tariff; but he cures his co'd every night with Dr. Bull's Cough Syrup, and begins afresh next morning with the lark.

This is strange reading here: Ice in the Penobscot river in Maine is three feet thick. Ice men are expecting the best crop for years.

"STOP"—Nature Has a Cure.

EATON RAPIDS, Mich.

J. M. LOOSE RED CLOVER CO., Detroit:—Two years I was afflicted with a very severe attack of Erysipelas. After two physicians had used their treatment for several weeks and I continued growing blind, and in their diagnosis concluded that there was no earthly help or hope for me. I gave up, having tried all the remedies I knew or heard of. My neighbor, Mr. Miller, came in to see me one day, and said try Loose's Extract of Red Clover, as he had known of its working remarkable cures. I told him I had lost hope, that nothing would do me any good in the world. He insisted, and taking his hat went to the drug store and bought me one bottle and urged me to try it, which I did. Ten days afterward I sent for two more bottles, and it is wonderful how I improved. I continued using it and to-day I am better than I have been in years. No sign of erysipelas has shown itself and I heartily recommend it to suffering humanity as the greatest and best blood purifier in existence. Yours truly,

HENRY MARVIN.

Great Improvements.

It is not many years ago since people traveled on horseback or by stages; now fifty miles an hour is not fast enough for them. Formerly people wrote letters that were weeks in reaching their destination; now the telegraph flashes thought around the world. Formerly doctors bled their patients for nearly every complaint; now they use advanced science of the highest order. Prof. Austin Flint, of Bellevue college, says: "The judicious use of alcoholic stimulants is one of the striking characteristics of progress in the practice of medicine during the last half century." Prof. Henry Mott, Ph. D., F. C. S., says: "By a most careful analysis I have found Duffy's Pure Malt Whiskey free from adulterations or foreign substances, and it deserves to meet with great success." The well known Dr. W. Hutchinson, of New York, says: "I highly recommend Duffy's Pure Malt Whiskey and prescribe it extensively in my practice." Rev. B. Mills, of Princeton, Iowa, says: "I have used Duffy's Pure Malt Whiskey with great benefit to my wife, who is a confirmed invalid. I know from experience it is a pure and most valuable medicine. I am also using it in the case of my son, who is threatened with consumption. I am a Presbyterian clergyman and a doctor of divinity, but I am not afraid to recommend Duffy's Malt Whiskey as the purest and most efficient tonic that I know of, and my experience is a large one."

Sentenced to Hang.

CLEVELAND, Ohio, Jan. 2.—Judge Solders this morning sentenced Otto Leuth, the seventeen-year-old boy who was recently convicted of the murder of little Maggie Thompson, to be hanged at Columbus on April 16. Leuth's mother, who was during the trial an object of popular pity, fainted on hearing the sentence of her son, and had to be carried from the court room.

A Witty Customer

went to a drug store and asked for SOZODONT. The storekeeper said, "We're out of that, but here is something just as good." The practical customer said, "No you don't," and walked out to a neighboring store and got a bottle of SOZODONT.

There is nothing lost. Blackwood's Magazine tells of a factory which makes 5,000,000 tin soldiers yearly out of sardine cans.

Interested People.

Advertising a patent medicine in the peculiar way in which the proprietor of Kemp's Balsam for Coughs and Colds does, is indeed wonderful. He authorizes all druggists to give those who call for it a sample bottle free, that they may try it before purchasing. The large bottles are 50c and $1. We certainly would advise a trial. It may save you from consumption.

If you do not receive your SENTINEL regularly, please notify us immediately, either in person or by postal card, that we may remedy the fault.

Advice to Mothers.—Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferer at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to take. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels and is the best known remedy for diarrhœa, whether arising from teething or other causes. Twenty-five cents a bottle.

Jan-27-1y

Mr. Moore, the postmaster at Bradshaw, Va., after reading an advertisement of Chamberlain's Colic, Cholera and Diarrhœa Remedy, concluded to try a small bottle of it. He says: "I used it in two cases for colic and three for diarrhœa with perfect satisfaction. One dose gave relief in every case but one, and that was a bad case of colic and required the second dose. I have handled a great deal of patent medicine as agent and for my own use, but never tried any that gave as good results as 'Chamberlain's Colic, Cholera and Diarrhœa Remedy.' CINDERS IN THE AIR.

Items Fly Pretty Thickly Around the Busy Centers To-Day and Our Reporter Gathers Them In.

The first pay days of the year will soon be here.

The Nickel Plate is doing a heavy freight business.

Local passenger business on the railroads is very light.

Our city is one of the best railroad centers in the state.

The Pittsburg shops commence the year with plenty of work.

J. A. Watkins, of the east Pittsburg shops, returned to work yesterday.

A. D. Cressler, of the Kerr Murray works, is at Lima, Ohio, on business.

R. Doring, carpenter at the east Pittsburg car shops, has returned to work.

T. Gardner, fireman on the Pittsburg, is visiting his mother at Newark, Ohio.

Charles Schafer, blacksmith at White's wheel works, is suffering from influenza.

C. Schafer, of the east Pittsburg car shops, has returned to work after a vacation.

The fatal accident to Conductor M. J. Mangen will be found in our local columns.

Charles Strawbridge, secretary at Bass' works, returned last evening from Bucyrus, O.

Will the year 1890 see the Mahoning railroad built? Echo answers: "Will it? Will it?"

H. P. Croy, of east Pittsburg car shops, returned to work yesterday after a week's vacation.

W. J. Madison, Pittsburg machinist, who has been ill for the past week, returned to work yesterday.

D. L. Judy, of the Pittsburg machine shops, who injured his foot some time ago, returned to work yesterday.

Charles Turner, clerk at the Pittsburg lumber yards, has returned to his work, after an attack of influenza.

Fred Grote, of the Olds works, has received a dispatch announcing the death of his brother August, at Denver, Col.

The Olds wheel works turned out 78,000 sets of wheels during the last year. This is the largest business it has ever done.

Louis Curdes, of the organ factory, is being congratulated on account of the little son who made an appearance at his home yesterday.

Wm. Rhodes, machinist at the Pittsburg works, who has been confined to the hospital for some time with illness, has resumed his place again.

An office building for Road-Foreman of Engineers Polhamus, of the Pennsylvania, will probably be erected this year near the company's round house.

The brother of Foreman Jack Kuhns, of the Fort Wayne Iron works, who has been visiting him for several days, left last night for his home in the east.

Round-house foreman, P. J. Fallon, of the Nickel Plate, speaks encouragingly for the prospects of the road this year. "P. J." stands up for the Nickel Plate and is always saying a good word for it.

Foreman S. C. Henderson, of the Pittsburg copper shops, was taken suddenly ill yesterday and had to be taken to his home in a carriage. He was better this morning, but will be confined to his bed for several days.

In the year 1889 the Pennsylvania road handled 15,097,915 tons of coal and 4,451,415 tons of coke, which was 330,688 less tons of coal than the road handled in 1888 and 418,571 more tons of coke than it handled in 1888.

The Wabash railway company have just issued their calendar for the new year and its a beauty. The feature of the calendar is six ladies standing in the background representing the six states through which the Wabash passes.

James F. Howe, vice-president and treasurer of the Wabash, has resigned the position of treasurer to devote his entire time to the duties of vice president. F. L. O'Leary, assistant treasurer, will succeed Mr. Howe as treasurer.

In the year 1889 there were an unusually large number of deaths among railroad officials, most of them in the higher positions of the service. The railway age states that 120 officials ceased from their labors last year and many of them were widely known.

Last year was the best ever known for the steel rail mills of this country. The owners of the big steel mills are said to be jubilant over the results of the twelve months' business. Their profits were satisfactory and the new year begins under favorable auspices

General Passenger Agent Horner, of the Nickle Plate, wants no trademark. The simple phrase "Nickel Plate," artistically designed is enough for him. Mr. Horner lately offered a prize for a trademark, but on all the designs sent in the nickel coin bore a conspicuous part.

The railroads are gradually relieving the greatest freight rush ever known in their history. It is believed that in another week the trunk lines will have "caught up" to current shipments and the great freight blockade of 1889 will be at an end. All the trunk lines made an effort to catch up by the close of the year, but they will now be glad if they accomplish it in the first week of 1890.

President Hughart, of the Grand Rapids and Indiana, will leave to-night in his special car for Flordia to spend the remainder of the winter at his orange grove near Zellwood. Enoch Pettiford, who always accompanies Mr. Hughart, will have charge of the car, and as usual will set down in his book, which he has arranged for the purpose, the date of starting, the lines of road traversed and the names of places where they change from one road to the other.

Supt. C. D. Law has divided the telegraph service of this division of the Pittsburg and Fort Wayne into three sections instead of two, in order to facilitate the work. The divisions now are: Crestline to Van Wert; Van Wert to Plymouth, and Plymouth to Chicago. Three dispatchers have been added to the force, making nine in all. The new men are Fred V. O'Connor, formerly of the Nickel Plate; M. E. Tuttle, of Columbia City, and J. F. Patterson, of this city.

Having lost its receivership suit against the Midland Railroad company, the Loan and Investment company, of New York, has taken another tack and filed with Judge Gresham, at Chicago, a petition praying for an order directing the Midland Railroad company to pay the complainant, within a reasonable time, the note of the railroad company for $138,000, now past due, for which the bonds described in the original bill were pledged as collateral security. The order asked for also directs the clerk of the United States court to receive an installment of interest due January 1, 1890. Clerk Butler has therefore demanded from the Midland company the interest that has been due on the $1,110,000 of bonds. As to that portion of the petition asking for an order compelling the company to pay off the principal of the note, the judge orders that all the parties interested appear before him in chambers, in Chicago, on January 13, 1890, when he will consider the petition.

BIRTHDAY SURPRISES.

The birthday of Foreman R. H. Harrison, of the Pittsburg car shops, falls upon the first day of January and hence New Years day is always a bright and happy one for him. This year it was unually so, for on Wednesday evening a large number of his friends visited him at the home of Mrs. O'Brien, 22 Charles street, which is his boarding place, and gave him a number of handsome and useful presents. Mr. Harrison was surprised, but was equal to the occasion and entertained his friends with a bounteous repast. The evening was spent in a very pleasant manner. Mr. Harrison is fifty-five years old.

Yesterday was the birthday of W. L. Scott, one of the popular engineers on the Pittsburg road and in the evening a large number of his friends called at his home, 108 Wallace street, and presented with a handsome easy chair. The presentation speech was made by Mrs. Mollie O'Brien. Mr. Scott was completely surprised, but he responded in a feeling manner. Refreshments were served and a very pleasant time was enjoyed.

TWENTY-EIGHT YEARS WITH THE SAME WORKS.

Frank H. Fink has been connected with the Bass works for twenty-eight years. He was born and educated in this city and when he was fifteen years old learned the moulder's trade. He continued in this occupation at the Bass works for a number of years when he was made foreman of one of the moulding rooms and has served in this capacity for ten years proving a faithful and trusted employe and a general favorite with all.

In the same year, 1862, that Frank Fink took service with the Bass works, Robert Cran was also employed. He was born in the old city of Quebec, Canada, where he learned the moulder's trade, and came to this city in 1860. He is now foreman of the car wheel department of the Bass works, a position he has held for ten years. In his earlier years he was a member of the volunteer fire department, serving in that for twenty-two years, six of which he was assistant chief under Frank Vogel. He now represents the Sixth ward in the city council and is one of our most esteemed citizens.

Rheumatism

is undoubtedly caused by lactic acid in the blood. This acid attacks the fibrous tissues, and causes the pains and aches in the back, shoulders, knees, ankles, hips, and wrists. Thousands of people have found in Hood's Sarsaparilla a positive cure for rheumatism. This medicine, by its purifying action, neutralizes the acidity of the blood, and also builds up and strengthens the whole body.

Don't put an expensive frame around your New Year's resolution. It—the resolution—will soon be a thing of the past.

We have a large stock of Plush Albums of different shades and sizes ranging from 50c to $3.50. Fancy Silk Plush Velvet Toilet sets, 75c to $2.00. Large Wax Dolls and China Dolls in all sizes from 5c up to 70c. Fancy Tea Sets for children, Boy's Drums, Guns and Pistols, Balls, A. B. C. Blocks, Horses, Carts, Lions, Elephants, Tigers, Dogs and Cats, Jumping Jacks, Music Boxes and a thousand other things for Christmas and New Years, and

CHRISTMAS TREE CANDLES

We have an immense supply and this year at extremly low prices, 15c a Box.

AND IN OUR TEA, COFFEE AND SUGAR DEPARTMENT

Our increase in them is very great since removing to the new place. The high price of Coffee is inducing a good many to use Teas, as there has been no advance in them, in fact Teas are lower now than they have ever been in the history of the trade, a good Tea can now be bought for 30c per pound, this is the same price as a pound of Rio Coffee and it will go twice as far. Our very best Tea is 50c per pound, just the same goods that sold a few years ago at $1.00 per pound. We also have a common Japan Tea as low as 10c per pound, this we sell little of, our best goods are so cheap that most of the trade prefer the best.

Young Hyson Tea 20c lb, choice 30c and 40c lb, best 50c lb.
Gun powder Tea, very choice, 30c lb, best 50c lb.
Oolong or Black Tea, 20c lb, 30c lb, best 50c lb.
Imperial Tea, choice 30c lb, very best 50c lb
Japan Tea, common 10c lb, choice 30c lb, best 50c lb.

The 25c Japan Tea can not be beat. In fact, it will make as good a draw as the 50c, and few can tell the difference. It is sweet, high flavored and a rich drawing Tea. It is a lot of 50 chests we purchased of a New York house in closing out at half the usual price. No charge for trying it. You will try two pounds in place of one when you once see it.

THE SUGAR MARKET

in consequence of the movements of the sugar trust, sugar has been subject to severe fluctuations and the rises in 90 days was equal to 40 per cent, but in the last 30 days the tendencdcy has been downward, and we have reduced all goods 1c lb, from the highest point we quote now:

Crushed and Powdered, 8c lb. Cut Loaf and Granulated, 8c lb.
Standard Coffee A., 7½c lb. Choice Yellow Extra C., 6c lb.

COFFEE, RIO AND JAVA.

The same influences that governed the sugar market has also controlled the coffee—viz—a coffee trust—and the price has been advanced and maintained the last year, in the face of a large crop and abundant supplies. There is now a prospect of a declining market. We are still selling our coffees 2c below the market prices:

Choice Green Rio, 20c lb; Best Old Government Java, 27c lb; Choice Roasted Rio, 23c lb; Best Roasted Package Sampson Brand, 24c lb; Jersey Coffee, Roasted in Packages, 21c lb; Leverings Coffee, Roasted in Packages, 21c.

MET INSTANT DEATH!

Conductor M. J. Mangan, of This City, Falls Between the Cars and His Body Is Cut in Twain.

A fatal accident happened at 3 o'clock, this morning on the Pittsburg road at Wheeler, a small station west of here, near Valparaiso, and M. J. Mangan, a well known conductor of this city, lost his life.

Mr. Mangan is a young man, who lives with his widowed mother, Mrs. Bridget Mangan, and his sister, at No. 8 Walnut street. He was a freight conductor on the Pittsburg road, and was soon to have been promoted to the position of passenger conductor, but death came and robbed him of the brilliant prospects in life before him.

He left his home last evening, bright and cheerful, bidding his mother and sister a brief good bye, to take his regular run, little dreaming that when he returned to them he would be brought back a corpse. They may have realized the danger of their loved son and brother's occupation, but if so, they spoke not of their fears, and only words of farewell were said, as he left home, as he had done so many times before, to do his duty in the battle of life.

He boarded his train and commenced his duties for the new year. The train pulled out from this city during the night and when at Wheeler, young Mangan met with the accident that caused his death.

Duty called him from the caboose in the rear to another part of the train, and as he was stepping from its platform to the freight car in front he lost his hold in some way, and fell between the cars to the track.

In a moment the dreadful wheels were on him, and, passing over his body, cut it in two, causing instant death.

His fellow trainmen, after the stopping of the train, went back and gathered up the mangled remains and bore them to a suitable place. The body of the dead man will be brought to the city this evening.

He was a member of the Pennsylvania company's Relief association and his mother and sister will receive the amount of his policy, which was $1,000.

Another sad feature connected with his case is that his sister, an excellent young lady, is very sick and is not expected to live long. Both the mother and sister were nearly heart-broken when they heard of their loved one's death, and it was indeed a sad blow to them.

SHOT HIS SWEETHEART.

Because She Refused to Marry Him, and Then Attempts Suicide.

WAUSAU, Wis., Jan. 3.—Herman Friedrichs, a German about twenty-one years of age, called upon Bertha Erdman in the town of Stettin yesterday afternoon and asked her to marry him. She refused, and he drew a revolver and shot her in the left breast, inflicting a fatal wound. As she fell to the ground Friedrichs shot himself in the head, making a frightful wound, from which he cannot recover.

No one was present at the time of the shooting, but a crowd was quickly attracted by the sound of the shots, and medical aid was at once summoned. The doctors say there is no hope that either of the victims will survive. Miss Erdman is a pretty girl of twenty. Friedrichs has been persistent in his attentions to her, and had several times proposed and been refused. In spite of his injuries the feeling against him is bitter.

DISAPPOINTED BALD HEADS.

Steubenville Sits Down on a Female Minstrel Troupe by Fining Them for an Indecent Performance.

STEUBENVILLE, Ohio, Dec. 3.—Duncan Clark's "Lady Minstrel company" was yesterday before Mayor Brashear on a warrant sworn out by Mrs. Dora Webb and Mrs. R. L. Browlee, of Steubenville's Social Purity society.

The company performed Wednesday night in the City opera house and the affidavit charges that the members did "unlawfully violate ordinance No. 272, by an indecent exposure of person."

At noon the entire company, male and female, were before the mayor. A motion to quash the indictment was vigorously contested and then refused and a fine of $10 imposed. The Social Purity people will next turn their attention to the Rose Hill Folly company, billed to appear here.

SKIPPED WITH THE CASH.

An Illinois Man Goes to Canada to Reside—Other Swindlers.

FREEPORT, Ill., Dec. 3.—Howard Hunt, of Spring Grove, in this county, is alleged to have absconded with several thousand dollars, obtained from the banks of Monroe, Wis. A man named Loss rented Hunt's farm and gave notes for $3,000. Hunt raised money on these and borrowed all the cash he could. It is thought he is in Canada.

ST. PAUL, Minn., Jan. 3.—Dexter J. Turner, South Dakota agent of the Citizens' Life Association of Cherokee Nation, whose operations in South Dakota were termed a gigantic swindle by State Auditor Taylor, was arrested at Mitchell, South Dakota, yesterday, and will be prosecuted to the full extent of the law, which provides a penalty of $1,000 for each policy written.

BLOOMINGTON, Ill., Jan. 3.—On the night of December 24 M. G. Patterson, a contractor of Refar, Ill., who was erecting new buildings at the Soldiers' Orphans' home near this city, disappeared with $800, and it was believed he had been way-laid and murdered. The murder theory is exploded, and it turns out that he fled because of financial entanglements. Suits aggregating nearly $20,000 have been begun against him by creditors in different cities and many more are expected to be begun.

PUBLIC INSTALLATION.

The Officers of Harmony Lodge Officially Invested.

Last night was held the public installation of the officers of Harmony lodge No. 19, I. O. O. F.

There was a large attendance. The Emerson quartet, of Huntington, were present. The quartet is composed of W. H. Cast, S. T. Cast, J. H. Brown and F. S. Bash, all of whom, also, are members of the order.

This organization has been here on several occasions, but not heretofore have they won laurels as they did last evening.

The grand lodge representatives were District Deputy Grand Master H. L. Williamson; grand marshal, W. Langtry; grand warden, John Shuester; grand secretaries, James Frost and William Devilbiss; grand permanent secretary, Henry C. Schwier; grand treasurer, A. C. Keel; grand guardian, John Walter.

Deputy Williamson installed the officers and the ceremonies were very interesting.

At the conclusion of the exercises, Rev. W. M. VanSlyke addressed the audience upon the subject: "Why Am I an Odd Fellow," which was filled with solid ideas and truths. He was followed in short addresses by Past Grand Master Enoch C. Cox and Rev. S. A. Northrop.

The event was a grand success.

Some of the cellars on the west side of Calhoun street between Brackenridge and Baker streets are flooded with water caused by the backing up of sewers on account of the recent heavy rain-fall.

SUICIDES FOLLOW!

In the Train of the Dreaded La Grippe—Policemen Visited by the Malady.

NEW YORK, Jan. 3.—Since the grippe became epidemic eight members of the police force have died from diseases supposed to have been caused by it.

NARO BURO THUDA, a Jap, who worked in Henry C. Pardo's Japanese porcelain factory, and who killed himself yesterday by cutting his throat with a razor, is supposed to have been incited to the act by grippe.

Mrs. Margaret Stenick, the wife of John D. Stenick, a hatter, died yesterday from the effects of paris green poison, swallowed with suicidal intent on Tuesday night. Her friends believe that her death resulted directly from despondency occasioned by the grippe.

John B. Kent, for many years a clerk in the employ of the American Bell Telephone company in this city, died suddenly yesterday afternoon. Mr. Kent had been ill for several days with the "grippe." He had improved, however, and passed much of yesterday in playing cards. Subsequently he lay down on a lounge and was found lying dead there some time later. Death evidently resulted from apoplexy.

One death from LaGrippe has occurred at Keyport, N. J., and two at Newark.

LONDON, Jan. 3.—The influenza is making heavy inroads on the police force, especially in the eastern part of the city.

PLAINFIELD, N. J., Jan. 3.—Florence Louis Elden, died from la grippe, at the home of her sister, Mr. T. E. Hazell, here yesterday. Miss Elden's home is in Boston, Mass., and during the holidays she had been visiting in Plainfield. On Thursday of last week she was stricken with the influenza, which developed into typhoid pneumonia.

JERSEY CITY, N. J., Jan. 3.—Thirty policemen, twenty-eight firemen, thirty sugar refinery employes, forty-two horse railroad employes, fifteen compositors on the Jersey City News office, twenty employes at the Erie railroad shops, eighteen butchers at the Abattoir at the foot of Sixth street, and fifteen zinc workers have got the grip. The deaths of three victims of the disease have been reported.

NEW YORK, Jan. 3.—Louis Nathal, the well-known author, musician and composer, died at the French hospital last night, from pneumonia, superinduced by la grippe.

MADRID, Jan. 3.—Operatic performances in this city will be suspended until after the funeral of the celebrated tenor, Gayarre, who died of influenza. The extent of the mourning for Gayarre is remarkable. The tenor was popular with all classes and was confidently regarded by all Spaniards as well as by many outside of Spain as the greatest of tenors.

TORONTO, Ont., Jan. 3—The "grippe" has reached this city and physicians pronounce it the genuine imported disease. A large number of people are prostrated with it and a rapid spread is expected.

ROME, Jan. 3.—Prince Minister Crispi is down with the influenza.

KINGSTON, Ont., Jan. 3.—La grippe has struck this city and many people are down with it. A little son of Ed Conville, of the police, has died of the disease. At Napanee most every second person has the disease and the newspapers there find great difficulty in getting out their issues because of the grippe's prevalence.

NEW YORK, Jan. 3.—LaGrippe shows no signs of letting go in this city. No less than 359 members of the police force are now in its clutches, according to reports from headquarters up to noon to-day. Among them were one captain, four sergeants, four roundsmen and one door man.

WALLINGFORD, Conn., Jan. 3.—Col. Chas. H. R. Nott, bookkeeper for the firm of Foy, Harmon & Chadwick, corset manufacturers of New Haven, committed suicide by shooting himself here yesterday afternoon. He had had the grippe and had been taking large doses of quinine, which is said to have made him temporarily insane.

GUILTY OF MURDER.

Burglars Use Chloroform in Their Midnight Visits, Causing Death.

TRENTON, N. J., Jan. 3.—Burglars entered and robbed the house of Dr. Kniffen, a well known dentist here, last night, using chloroform to prevent the family waking. Mrs. Kniffen has since died from the effects, and Miss Purcell, who was visiting the family, is dangerously ill. No clew to the criminals has yet been obtained. The two women were sleeping together, Dr. Kniffen being away from home. Dr. Kniffen's house was robbed a few weeks ago.

A TRESTLE FALLS

At Birmingham, Ala., Killing Two Carpenters and Injuring Others.

BIRMINGHAM, Ala., Jan. 3.—An unfinished trestle on the Brierfield, Blotton and Birmingham railroad fell yesterday morning, carrying down twenty-five carpenters who were at work on the structure. David J. Webb and Carl Clark were killed and twenty others injured.

A number of the men received broken legs, arms or ribs and several of the injured may die.

The place where the accident occurred is forty miles from this city and only the names of the killed have been learned. The accident was caused by the foundation of the trestle not being properly secured.

THE QUEEN'S PARDON

LONDON, Jan. 3.—Mrs. Maybrick's friends have of late redoubled their efforts to secure the prisoner's release. They claim to have gathered from American and other sources, such a mass of convincing evidence in favor of Mrs. Maybrick that the queen will be unable to refuse a pardon.

A NEW BANK.

A. B. Nickey and Others to Organize a New National Bank Here.

The removal of Mr. A. B. Nickey, the millionaire lumber dealer and stock raiser, from Auburn to Fort Wayne is bound to have important results, very beneficial to the city.

THE SENTINEL learns from undoubted authority that Mr. Nickey is at the head of a company of moneyed men, organized for the purpose of establishing a fourth National bank here. Associated with Mr. Nickey in the venture are his brother, S. W. Nickey, the Whitley county stock raiser, whose wealth is estimated at $300,000; Banker McClelland, of Columbia City, and other gentlemen prominent in financial circles.

Efforts have been made to secure a desirable Calhoun street location, but no purchase has yet been closed. If a building adapted to the purposes intended cannot be acquired, it is proposed to erect one early in the spring, and the company will not hesitate to demolish a good building if the site should seem worthy of such a better structure.

If a building be erected its main floor will be elevated a few feet above the sidewalk, and in the basement, reached by the descent of a few steps, a savings bank will be found, where the small deposits of the wage workers will be received.

On Webster street, just south of Williams park, Mr. A. B. Nickey is about completing his new residence, one of the handsomest in Fort Wayne, and on both sides of South Calhoun street, just beyond the city limits, he has purchased eighteen acres of land which will soon be platted and laid out in lots for sale to actual builders, Mr. Nickey himself leading the improvement by the erection of a number of fine store buildings on Calhoun street.

RAILING'S REQUEST.

He Demands $5,000 of the Pennsylvania Railroad.

Suit has been entered in the circuit court in which Daniel Railing seeks to recover $5,000 damages from the Pennsylvania railroad for injuries received.

The attorneys for the complainant are Judge L. M. Ninde and W. J. Vesey, and the complaint avers that Railing was on the 8th of August last a passenger on one of the Pennsylvania trains, and that as the cars were crossing a bridge over the Juniata river in Ohio, a chain or some like thing, depending from the side of the bridge, was forced in the open window on which his arm was resting and delivered him such a violent blow as to badly lacerate the member and injure it to such an extent that it is wholly and permanently disabled.

The plaintiff in the above case resides in Decatur, Adams county. The proceedings had to be instituted in a county through which the railroad passes, which accounts for the selection of the Allen circuit court.

Fort Wayne Sentinel.

E. A. M. HAMILTON, Editor and Proprietor.

FRIDAY, JAN. 3, 1890

THE presidential boom for James G. Blaine for 1892 has already been started.

WILL we have a building boom this year. Some of our contractors seem to think so.

OUR merchants have not derived very much benefit from the country trade so far this winter.

WE are on the home stretch of the century. The last decade of the years has been entered.

THE la grippe is doing deadly work in New York and other eastern cities, if the reports are true.

SAM SMALL put new hope into many of the prohibitionists in this city by his lecture New Years night.

MRS. MCKEE did the honors at the white house on New Year's day. This offended Mrs. Vice-President Morton.

HON. C. A. MUSSON announces that he will not be a candidate for the democratic nomination for auditor of state.

FORT WAYNE is making a steady increase in population. You can put down the figures for January 1, 1890, at 45,000.

IMMIGRANTS arrived at Castle Garden last year to the number of 315,228, which is a falling off from the year before of 68,367.

THE open winter makes sleighs poor property. The manufacturers who have a stock of them on hand would be glad to sell them at cost.

THE democratic Tariff Reform association of the Eleventh congressional district will hold its annual meeting at Wabash on January 8th.

NINETY-EIGHT men were hanged during 1889, who were condemned to death by courts of justice. Judge Lynch dealt out death to 175 persons.

THE question of the proper location for the world's fair seems to have been lost sight of lately, but Chicago is putting her best foot forward to secure it.

IT IS growing close on to 1892. The democrats are going to elect the next president. It ought to be an Indiana man who will step into President Harrison's shoes.

THIS kind of weather saves coal and wood. The natural gas consumers did not figure on an open winter when they made their estimates of their comparative expense.

THE candidates for the Ohio senatorship are working hard for the honor. A dozen or more of them are going to get left, and Cal Brice thinks he is not among the number.

J. FRANK SNYDER, formerly editor of the LaGrange Democrat, and late postmaster at that place, so the Goshen Times says, has become a Unitarian minister of the gospel.

THE old year ended with mud and rain and the new year kept it up. The clouds broke, however, last night and we now have the promise of weather—what kind time only can tell.

THE grand total of money embezzled from corporations, private firms, in the United States during the last year, is $8,562,783. Of this amount $5,988,375 was confiscated during April.

MR. R. T. MCDONALD, the manager of the Electric Light works in this city, will, so the Daily News says, be a candidate for delegate to the next presidential convention from this district.

THE streets of the city are growing worse every day and many of them are almost impassible for vehicles. This kind of weather is a sort of clinching argument for those who favor the paving of many of them next summer.

BROTHER PAGE, of the News, does not believe in discharging faithful and competent government employes with every change of the national administration. The republicans are doing it, however, right along. The party worker has got to have an office, and the only way to give it to him is to turn the democrats out, even though they have been faithful and true. This has been Harrison's idea, and he will keep it up until there isn't a democrat left in the government employ.

THE name of Mr. Henry C. Berghoff, our late city treasurer, was mentioned by THE SENTINEL some time ago in connection with those who would probably be candidates before the democratic state convention for treasurer of the state. Mr. Berghoff is one of our best German citizens. He managed the financial affairs of Fort Wayne in an honest and capable manner during his term of office for several years and is in every way fitted for the position for which his name is suggested.

DURING the calendar year just ended, excepting the month of December, for which the returns are not complete, we exported $32,214,803 more gold than we imported. During the same time in [illegible] the excess of gold exports over imports was $36,770,823. Notwithstanding this excess of exports the stock of gold in the country is probably larger than it was two years ago. The product of our mines is not far from $33,000,000 a year and exceeds rather than falls short of that sum. While, therefore, we have shipped abroad about $57,000,000 more than we have received from abroad we have taken about $66,000,000 from our mines. We have therefore gained 39,000,000, probably, unless there have been unrecorded exports in excess of unrecorded imports, which some observers believe to have been the case. The excess of silver exports over imports last year to December was $19,209,695, against $12,200,056 for the same months in 1888. The stock of this metal in the country in the form of coin we know was increased more than $33,000,000 during the year just closed, since more than that number of silver dollars was coined. The director of the mint estimates the amount of gold coin in the country on the 1st of November last at $619,640,453 and the stock of silver coin at $420,266,782. Besides the gold coin there was about $110,000,000 of gold bullion in the treasury at that time. The entire stock of gold, therefore, can hardly be less than $730,000,000 at this time.

AN exciting election of officers was held Tuesday at St. Louis by the Western Commercial Travelers' association. The "opposition" ticket, headed by James Bannerman, was elected. James C. Miller, of Chicago was elected second vice-president.

GLEANED GOSSIP.

What Neighboring Exchanges Say of Fort Wayne People.

Lagrange Standard: "P. M. Barrows and wife visited at Auburn and Fort Wayne this week."

Lafayette Courier: "Mr. and Mrs. Julius Pottlitzer and Max Pottlitzer, of Fort Wayne, spent New Years in the city."

Rome City correspondence: "Mrs. W. P. Denny and baby returned to her home in Fort Wayne Monday. She has been visiting Grandpa and Grandma Lake for several days.—Mr. Reed, who moved here this fall from Fort Wayne, has his fine residence well under way and if the cold weather holds off he will have it inclosed in a few days."

Ligonier Banner: "Last Sunday Rabbi A. Guttmacher, of Fort Wayne, delivered a most excellent and interesting lecture to a fine audience at the Hebrew temple, on Main street. The reverend gentlemen is a splendid talker, and his lecture showed the work of a well trained and broad intellect. His liberality in the treatment of matters, when opinions are at variance, showed him to be conservative and conscientious. He is a young man of rare promise, and during his short stay here made many friends."

Plymouth Democrat: "Mr. and Mrs. Geo. Loesch and Mr. and Mrs. Fred Holsam, of Fort Wayne, visited their father, Mr. John Holsam and family New Years eve.—Mrs. Fannie Reed and son, Jay, of Fort Wayne, is visiting for a day at her former home, in Plymouth. —The first announcement of the approaching marriage of Miss Mary Sweeney, of this city, and Mr. Houk, of Orogon, was made in the Catholic church yesterday morning. The marriage will take place, we understand, at Fort Wayne, about the middle of January."

SIMONS' COMPLIMENT.

He Talks on the Electric Light Decision of Judge Gresham.

MR. M. W. SIMONS cards the Plymouth Democrat thus:

"Will you please state for the benefit of whom it may concern, that for some time prior to the recent decision of Judge Gresham, a majority of the stock of the Brush Electric Light company was in the hands of parties entirely friendly to the Fort Wayne Electric Light company and their successors, the Fort Wayne Electric company.

"Users of the apparatus of the Fort Wayne Electric Light company and the Fort Wayne Electric company, will not be molested in the least. The decision, under the circumstances, will serve to strengthen the Fort Wayne company as all other infringers of the Brush patents will be prosecuted to the extent of the law.

"Allow me to say further, that, in my humble opinion, Judge Gresham, in legal knowledge, sound judgement, and true manly qualities, is far in advance of any legal light of the present day. No decisions of his, however adverse they might be to me personally, would ever change my present opinions of him. Respectfully,

M. W. SIMONS."

Architect F. B. Kendrick is busily engaged in preparing plans for Mr. John Peters for a fine brick business block, to be erected the coming year, on the property known as the Peters homestead, on West Jefferson street, between Harrison and Calhoun streets. The new structure will be three stories in height. The lower floor will be divided into three rooms which will be fitted up for business rooms, and the upper room will be arranged as flats, provided with every convenience and necessity.

LA GRIPPE.

The Symptoms of the Various Forms of the Malady.

An article in the London Lancet furnishes us with a guide for determining whether we have influenza or not. It states that the period of incubation for the annoying malady is two days. According to the Lancet, lassitude, headache, and rigors, followed by great prostration, weakness, articular pains, headache, and sometimes by giddiness or various nervous phenomena, such as hyperæsthesia. The temperature rises rapidly; it may be almost as high as 105 degrees, but generally falls quickly, seldom remaining high more than from one to three days. So far as appears at present there is always some slight enlargement of the spleen to be detected.

Three main types of the disease have been distinguished—the purely neurotic, the catarrhal and the gastric. Cases corresponding to the purely neurotic type are marked by severe neuralgic pains, which might be supposed to betoken the commencement of an attack of pleurisy, while the mucous membrane of the respiratory and digestive tracts is quite unaffected. This form has been very common and has been at the commencement mistaken for typhoid. In the catarrhal form there is bronchial catarrh, running at the nose, and conjunctivitis, which may either come on simultaneously with the fever or after this has gone down, and which usually lasts for several days after the temperature has become normal. In the gastric form there is sometimes severe vomiting, lasting for one or two days.

With regard to complications which have been noticed occurring during the present epidemic herpes of the lip and nose has been very frequent, and sometimes has been seen on the eyelids; erythema, roseola, and miliaria have also been seen; meningitic irritation and catarrhal pneumonia, too, are mentioned. The last-named complication has been the cause of the few deaths that have taken place. Many of the cases, on the other hand, have been very slight. Some relapses are reported as having occurred from five to seven days after convalescing; they were marked by a rise of temperature, rigors, and catarrh.

"But oh! what damned minutes tells he o'er" who suffers, but waits; who writhes, yet moans, before he makes up his mind to send out for just twenty-five cents worth of Salvation Oil, the pain cure.

They say the average politician is getting hoarse talking about tariff and no tariff; but he cures his cold every night with Dr. Bull's Cough Syrup, and begins afresh next morning with the lark.

This is strange reading here: Ice in the Penobscot river in Maine is three feet thick. Ice men are expecting the best crop for years.

"STOP"—Nature Has a Cure.

EATON RAPIDS, Mich.

J. M. LOOSE RED CLOVER CO., Detroit:—Two years I was afflicted with a very severe attack of Erysipelas. After two physicians had used their treatment for several weeks and I continued growing blind, and in their diagnosis concluded that there was no earthly help or hope for me. I gave up, having tried all the remedies I knew or heard of. My neighbor, Mr. Miller, came in to see me one day, and said try Loose's Extract of Red Clover, as he had known of its working remarkable cures. I told him I had lost hope, that nothing would do me any good in the world. He insisted, and taking his hat went to the drug store and bought me one bottle and urged me to try it, which I did. Ten days afterward I sent for two more bottles, and it is wonderful how I improved. I continued using it and to-day I am better than I have been in years. No sign of erysipelas has shown itself and I heartily recommend it to suffering humanity as the greatest and best blood purifier in existence. Yours truly,

HENRY MARVIN.

Great Improvements.

If he not many years ago some people travelled on horseback or by stages, now fifty miles an hour is not fast enough for them. Formerly people were content to be two days in reaching their destination now the telegraph flashes their orders around the world. CINDERS IN THE AIR.

Items Fly Pretty Thickly Around the Busy Centers To-Day and Our Reporter Gathers Them In.

The first pay days of the year will soon be here.

The Nickel Plate is doing a heavy freight business.

Local passenger business on the railroads is very light.

Our city is one of the best railroad centers in the state.

The Pittsburg shops commence the year with plenty of work.

J. A. Watkins, of the east Pittsburg shops, returned to work yesterday.

A. D. Cressler, of the Kerr Murray works, is at Lima, Ohio, on business.

R. Doring, carpenter at the east Pittsburg car shops, has returned to work.

T. Gardner, fireman on the Pittsburg, is visiting his mother at Newark, Ohio.

Charles Schafer, blacksmith at White's wheel works, is suffering from influenza.

C. Schafer, of the east Pittsburg car shops, has returned to work after a vacation.

The fatal accident to Conductor M. J. Mangen will be found in our local columns.

Charles Strawbridge, secretary at Bass' works, returned last evening from Bucyrus, O.

Will the year 1890 see the Mahoning railroad built? Echo answers: "Will it? Will it?"

H. P. Croy, of east Pittsburg car shops, returned to work yesterday after a week's vacation.

W. J. Madison, Pittsburg machinist, who has been ill for the past week, returned to work yesterday.

D. L. Judy, of the Pittsburg machine shops, who injured his foot some time ago, returned to work yesterday.

Charles Turner, clerk at the Pittsburg lumber yards, has returned to his work, after an attack of influenza.

Fred Grote, of the Olds works, has received a dispatch announcing the death of his brother August, at Denver, Col.

The Olds wheel works turned out 78,000 sets of wheels during the last year. This is the largest business it has ever done.

Louis Curdes, of the organ factory, is being congratulated on account of the little son who made an appearance at his home yesterday.

Wm. Rhodes, machinist at the Pittsburg works, who has been confined to the hospital for some time with illness, has resumed his place again.

An office building for Road Foreman of Engineers Polhamus, of the Pennsylvania, will probably be erected this year near the company's round house.

The brother of Foreman Jack Kuhns, of the Fort Wayne Iron works, who has been visiting him for several days, left last night for his home in the east.

Round-house foreman, P. J. Fallon, of the Nickel Plate, speaks encouragingly for the prospects of the road this year. "P. J." stands up for the Nickel Plate and is always saying a good word for it.

Foreman S. C. Henderson, of the Pittsburg copper shops, was taken suddenly ill yesterday and had to be taken to his home in a carriage. He was better this morning, but will be confined to his bed for several days.

In the year 1889 the Pennsylvania road handled 15,097,915 tons of coal and 4,451,415 tons of coke, which was 330,088 less tons of coal than the road handled in 1888 and 418,571 more tons of coke than it handled in 1888.

The Wabash railway company have just issued their calendar for the new year and its a beauty. The feature of the calendar is six ladies standing in the background representing the six states through which the Wabash passes.

James F. Howe, vice-president and treasurer of the Wabash, has resigned the position of treasurer to devote his entire time to the duties of vice president. F. L. O'Leary, assistant treasurer, will succeed Mr. Howe as treasurer.

In the year 1889 there were an unusually large number of deaths among railroad officials, most of them in the higher positions of the service. The railway age states that 120 officials ceased from their labors last year and many of them were widely known.

Last year was the best ever known for the steel rail mills of this country. The owners of the big steel mills are said to be jubilant over the results of the twelve months' business. Their profits were satisfactory and the new year begins under favorable auspices.

General Passenger Agent Horner, of the Nickle Plate, wants no trademark. The simple phrase "Nickel Plate," artistically designed is enough for him. Mr. Horner lately offered a prize for a trademark, but on all the designs sent in the nickel coin bore a conspicuous part.

The railroads are gradually relieving the greatest freight rush ever known in their history. It is believed that in another week the trunk lines will have "caught up" to current shipments and the great freight blockade of 1889 will be at an end. All the trunk lines made an effort to catch up by the close of the year, but they will now be glad if they accomplish it in the first week of 1890.

President Hughart, of the Grand Rapids and Indiana, will leave to-night in his special car for Florida to spend the remainder of the winter at his orange grove near Zellwood. Enoch Pettiford, who always accompanies Mr. Hughart, will have charge of the car, and as usual will set down in his book, which he has arranged for the purpose, the date of starting, the lines of road traversed and the names of places where they change from one road to the other.

Supt. C. D. Law has divided the telegraph service of this division of the Pittsburg and Fort Wayne into three sections instead of two, in order to facilitate the work. The divisions now are: Crestline to Van Wert; Van Wert to Plymouth, and Plymouth to Chicago. Three dispatchers have been added to the force, making nine in all. The new men are Fred V. O'Connor, formerly of the Nickel Plate; M. E. Tuttle, of Columbia City, and J. F. Patterson, of this city.

Having lost its receivership suit against the Midland Railroad company, the Loan and Investment company, of New York, has taken another tack and filed with Judge Gresham, at Chicago, a petition praying for an order directing the Midland Railroad company to pay the complainant, within a reasonable time, the note of the railroad company for $138,000, now past due, for which the bonds described in the original bill were pledged as collateral security. The order asked for also directs the clerk of the United States court to receive an installment of interest due January 1, 1890. Clerk Butler has therefore demanded from the Midland company the interest that has been due on the $1,110,000 of bonds. As to that portion of the petition asking for an order compelling the company to pay off the principal of the note, the judge orders that all the parties interested appear before him in chambers, in Chicago, on January 13, 1890, when he will consider the petition.

BIRTHDAY SURPRISES.

The birthday of Foreman R. H. Harbaugh, of the Pittsburg car shops, falls upon the first day of January and hence New Years day is always a bright and happy one for him. This year it was unusually so, for on Wednesday evening a large number of his friends visited him at the home of Mrs. O'Brien, 22 Charles street, which is his boarding place, and gave him a number of handsome and useful presents. Mr. Harrison was surprised, but was equal to the occasion and entertained his friends with a bounteous repast. The evening was spent in a very pleasant manner. Mr. Harrison is fifty-five years old.

Yesterday was the birthday of W. L. Scott, one of the popular engineers on the Pittsburg road and in the evening a large number of his friends called at his home, 108 Wallace street, and presented with a handsome easy chair. The presentation speech was made by Mrs. Mollie O'Brien. Mr. Scott was completely surprised, but he responded in a feeling manner. Refreshments were served and a very pleasant time was enjoyed.

TWENTY-EIGHT YEARS WITH THE SAME WORKS.

Frank H. Fink has been connected with the Bass works for twenty-eight years. He was born and educated in this city and when he was fifteen years old learned the moulder's trade. He continued in this occupation at the Bass works for a number of years when he was made foreman of one of the moulding rooms and has served in this capacity for ten years proving a faithful and trusted employe and a general favorite with all.

In the same year, 1862, that Frank Fink took service with the Bass works, Robert Cran was also employed. He was born in the old city of Quebec, Canada, where he learned the moulder's trade, and came to this city in 1860. He is now foreman of the car wheel department of the Bass works, a position he has held for ten years. In his earlier years he was a member of the volunteer fire department, serving in that for twenty-two years, six of which he was assistant chief under Frank Vogel. He now represents the Sixth ward in the city council and is one of our most esteemed citizens.

Rheumatism

is undoubtedly caused by lactic acid in the blood. This acid attacks the fibrous tissues, and causes the pains and aches in the back, shoulders, knees, ankles, hips, and wrists. Thousands of people have found in Hood's Sarsaparilla a positive cure for rheumatism. This medicine, by its purifying action, neutralizes the acidity of the blood, and also builds up and strengthens the whole body.

CHRISTMAS TREE CANDLES

We have an immense supply and this year at extremely low prices, 15c a Box.

AND IN OUR TEA, COFFEE AND SUGAR DEPARTMENT

our increase in them is very great since removing to the new place. The high price of Coffee is inducing a good many to use Teas, as there has been an advance in them, in fact Teas are lower now than they have ever been in the history of the trade, a good Tea can now be bought for 25c per pound, this is the same price as a pound of fine Coffee and it will go twice as far. Our very best Tea is 50c per pound, just the same goods that sold a few years ago at $1.00 per pound. We also have a common Japan Tea as low as 20c per pound, this we sell little of, our best goods are so cheap that most of the trade prefer the best.

Young Hyson Tea 20c lb, choice 30c and 40c lb, best 50c lb.
Gun powder Tea, very choice, 25c lb, best 50c lb.
Oolong or Black Tea, 20c lb, 30c lb, best 50c lb.
Imperial Tea, choice 30c lb, very best 50c lb
Japan Tea, common 10c lb, choice 30c lb, best 50c lb,

The 25c Japan Tea can not be beat. In fact, it will make as good a draw as the 50c, and few can tell the difference. It is a sweet, high flavored and rich drawing Tea. It is a lot of 50 chests we purchased of a New York house in closing out at half the usual price. No charge for trying it. You will try two pounds in place of one when you once see it.

THE SUGAR MARKET

in consequence of the movements of the sugar trust, sugar has been subject to severe fluctuations and the rises in 90 days was equal to 40 per cent, but in the last 30 days the tendency has been downward, and we have reduced all goods 1c lb, from the highest point we quote now:

Crushed and Powdered, 8c lb. Cut Loaf and Granulated, 8c lb.
Standard Coffee A., 7½ lb. Choice Yellow Extra C., 6c lb.

COFFEE, RIO AND JAVA.

The same influences that governed the sugar market has also controlled the coffee—viz—a coffee trust—and the price has been advanced and maintained the last year, in the face of a large crop and abundant supplies.
